

Get started in less than **3 ½ minutes.**

1

### **Create your account**

Add some basic info about your business and you are good to go!

2

### **Upload your product catalog**

We can handle whatever format you have. Spreadsheet? PDF? No problem. This remains completely confidential. You're in control.

3

### **Connect with your buyers**

Let us know which customers you want to offer online ordering to, and we'll take care of the rest.

Visit **BlueCart.com** to sign up, or download the BlueCart app on your phone to start simplifying your orders right away.

# Thousands of businesses like yours are already on BlueCart right now. What do they love about BlueCart?

## Orders, Organized

BlueCart is a private communication and ordering tool for you and your clients. All your incoming orders are instantly organized in one place—accessible anytime, anywhere.

## In-App Messaging

Your sales team messages customers within the app, so that everyone is clear on what's happening.

## Team Access

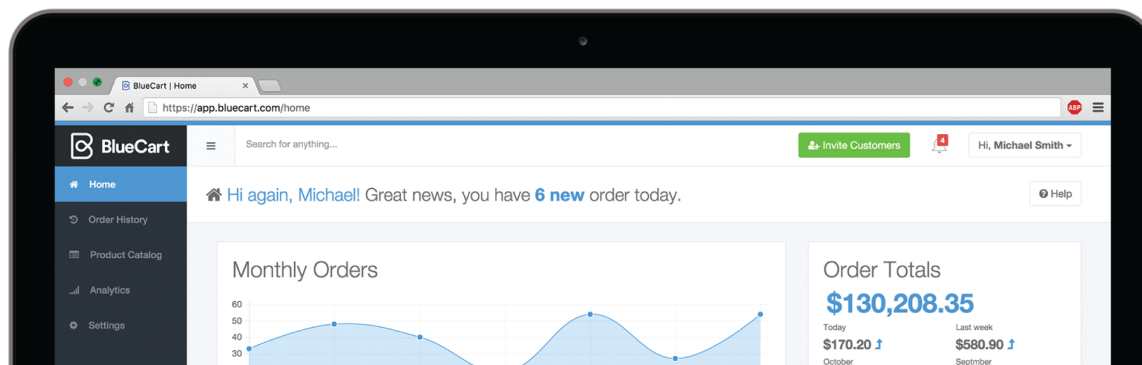

Whether you have a sales team of hundreds, or you are the sales team, BlueCart gives reps the tools they need to make more sales!

## Real-time Analytics

See what your numbers are actually saying with instant insights into recent trends and past data, automatically graphed for easy analysis.

## Your Products, Your Prices

Your prices are your prices. With BlueCart, you decide who sees your catalog, and can customize everything for your clients.

BlueCart is **not** a price comparison platform. BlueCart is **free** for all users.
