iPatientCare Announces Series of Monthly Virtual User Conference (VUCON) 2016 for Highlighting New Features and Updates on the Software

iPatientCare to Present Enhanced Dashboards and Patient Portal in the January Virtual User Conference (VUCON) of the Year 2016

Woodbridge, NJ, December 30, 2015 — iPatientCare, Inc., a pioneer in mHealth and cloud-based ambulatory Electronic Health Records software and integrated practice management solutions, announced series of monthly Virtual User Conference (VUCON) for the year 2016

With a commitment to stay connected with their esteemed end users in terms of Education, Exhibition, and Entertainment, iPatientCare conducts series of knowledge dissemination sessions every month. Expressing the enthusiasm for the upcoming year, VUCON 2016 sessions have been designed with a focus on highlighting new updates of the software; introducing new applications and features; launches of the iPatientCare new products and software versions with its demonstration; and many useful add-ons for iPatientCare Users.

iPatientCare VUCON January 2016 session will showcase the newly designed Dashboards that will enable iPatientCare users to enhance their workflow with minimum efforts. This session will also introduce the new version of iPatientCare Patient Portal which has an improved user interface.

About iPatientCare:

iPatientCare, Inc. is a privately held medical informatics company based at Woodbridge, New Jersey. The company's unified product suite includes Electronic Health/Medical Record and integrated Practice Management/Billing System, Patient Portal/PHR, Health Information Exchange (HIE), and Mobile Point-of-Care Solutions for both Ambulatory and Acute/Sub-acute market segments. iPatientCare has been recognized as a preferred MU partner by numerous Regional Extension Centers (REC), hospitals/health systems and academies, and has been designated as a Test EHR by the CMS.

iPatientCare EHR 2014 (2.0) has received 2014 Edition Ambulatory Complete EHR certification by ICSA Labs, an Office of the National Coordinator-Authorized Certification Body (ONC-ACB), in accordance with the applicable eligible professional certification criteria adopted by the Secretary of Health and Human Services (HHS).

Full certification details can be found at ONC Certified Health IT Product List.

IPatientCare Inpatient EHR 2014 (2.0) Received ONC HIT 2014 Edition Complete EHR Certification from ICSA Labs, determines ability to support eligible hospitals with meeting meaningful use stage 1 and stage 2 measures required to qualify for ONC Health IT funding under the American Recovery and Reinvestment Act (ARRA).

Full certification details can be found at ONC Certified Health IT Product List.

The ONC 2014 Edition criteria support both Stage 1 and 2 Meaningful Use measures required to qualify eligible providers and hospitals for funding under the American Recovery and Reinvestment Act (ARRA).
