- Behavioral Difficulties
- Gifted/Intellectual (IQ) testing
- Autism Spectrum Disorders
- Developmental Testing/Prekindergarten Evaluations
- Developmental Screenings

Why I Do What I Do

I believe when I became a mother, I also became a better psychologist. In working with a child, I don't just see a child, I see my own beautiful children. I believe our children are not ours by coincidence. They were gifted to us, they belong to us, and there is a reason we are together. No parent wants to see their child struggle and every person, no matter how small, deserves a chance to give the world their best self.

"At the end of the day, it's not what you have or even what you have accomplished...It's about who you've lifted up, who you've made better. It's about what you've given back." -Denzel Washington

Bio

Cristina M. Olaechea, Ed.S., is a Licensed School Psychologist in Miami-Dade County. She received her degree from Florida International University in 2003. Mrs. Olaechea is fluent in both Spanish and English and is highly trained in administering psychological testing in order to assess cognitive, academic, processing, and social-emotional functioning. She conducts psychoeducational assessments with children and adolescents from prekindergarten through Grade 12, including gifted assessments. The assessments are followed by reports detailing her findings and include recommendations for parents, teachers, and collaborating professionals.
