

# Verified Network

By Pantera Global Technology

**Pantera's Prequalification and Elite  
Subcontractor Network**

# A Word from Pantera's President

Over the past two years, our team has been working day and night on a product that will take Pantera to a place that is alone in the industry and now that time has come. With that said, we are happy to introduce “The Verified Network”.

The Verified Network is many things; it is first and foremost a network of verified subcontractors available right in your address book. These nationwide subcontractors have had their qualifications professionally audited by a third party for veracity, with timers set for expirations so that the information is always current.

Additionally, Pantera General Contractors will be able to update all of their subcontractors with our new “Prequalification Updater”. The Prequalification Updater features a comprehensive set of prequalification information on a form that will always be synced directly with your address book. No more bad data!

Best of all, the Verified Network is free to all Integrated Pantera Users! We are excited to share this new and revolutionary product with you!

Sincerely,

*DeWayne Adamson*

# Benefits of the Verified Network

Joining the Verified Network provides many benefits for General Contractors with regards to cost and time savings, risk reduction, and the knowledge that you are working with quality contractors.

## Nationwide Coverage

No matter where your project brings you, quality guys will be ready to bid.

## Reduced Admin Costs

Costs to verify subs can be crazy high, our VN subs are ready to go.

## Risk Reduction

Subs that have been verified are less likely to default or underperform.

## Save Time

Subs that have been verified are less likely to default or underperform.

## Current Information

Verified subs have their info synced in real time, giving real information.

# Features of the Verified Network

So you're acquainted with the benefits that the Verified Network will provide, let's take a look at a few of the features that make the Verified Network something unlike anything available on the market today.

## Verified Subs in Address Book

The Verified Subs will be directly in your address book, ready to bid.

## No Cost to the GC

The Verified Network is available at **no cost** to the General Contractor.

## Prequal all of Your Subs

Send our comprehensive prequalification form to all of your subs.

## Professional Verification

Verified Network subs have been audited by professionals.

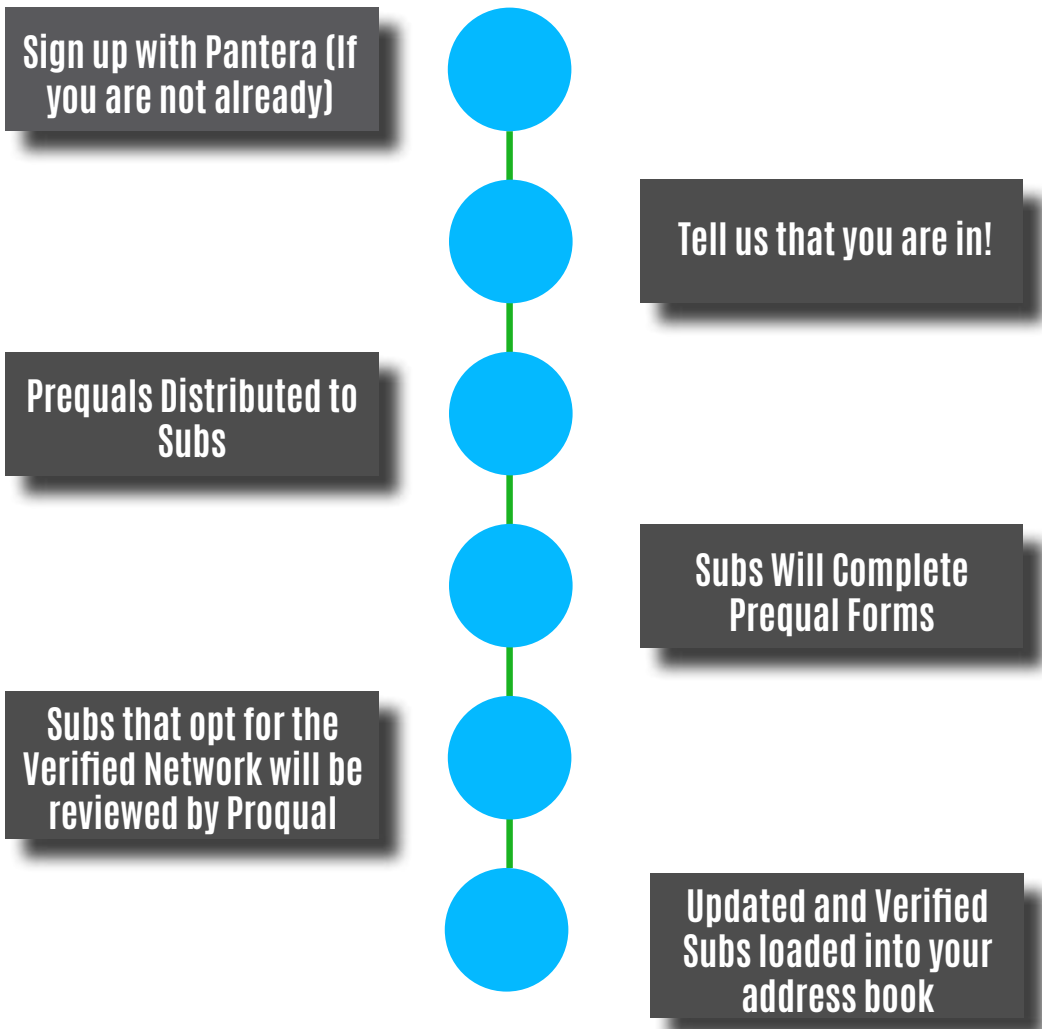

## Documents on File

Verified subs will have their documents on file to share with GC's.

# Process to Get the Verified Network

Getting started with the Verified Network is the easiest part of the whole process, simply sign up with Pantera and let us know that you are in and the rest will take care of itself!

# Screening Items

For subs in the Verified Network, the table below shows which items are verified by the professionals at ProQual Verified along with which category they pertain to and how often they are checked. ProQual will then set timers for expirations and ensure that the data is kept current.

# Verified Network

We hope that you are as excited as we are about this new offering. In order to make this network as valuable and strong as possible, all subcontractors that undergo a prequalification will be offered to join the Verified Network for a fee. Subcontractors that decline to join will still be able to complete the prequalification form and will remain in your private address book.

We truly feel that by developing the Verified Network we are providing a Win-Win for both General Contractors and Subcontractors that are eager to demonstrate their qualifications. The time saved, reduced costs, and risk reduction alone provide an amazing incentive for any GC, and the Verified Network is FREE for all Pantera General Contractors.
