"OMG" WEATHERVANE SCALLOPS

Duke's Alaska Weathervane Scallops are harvested directly from the ocean, hand shucked on deck, then immediately frozen on the boat to capture their quality and preserve their natural, fresh and sweet flavor. Duke's buys scallops from two boats that fish all over Alaska: the Ocean Hunter and the Provider. Each of them has an independent At-Sea Observer on board to ensure that sustainable practices are followed and to monitor the by-catch of crab.
