

# The Silence Doesn't Bother Me

## Verse 1

The crowd howling outside  
My doubts spin in my mind  
I tried to keep them all inside  
But now, they know

They know my deepest fears  
My thoughts my pain my tears  
And if they scream or if they cheer  
They'll never get to me

## Prechorus 1

Now I'm free (free)  
I'm standing here  
Doesn't matter what you want  
Let the thunder rage on

And now I'm free (free)  
I'm standing here  
Doesn't matter what you say  
My music's gonna play

## Chorus 1

The silence doesn't bother me  
The silence doesn't bother me (today)  
The silence didn't bother me (yesterday)  
The silence never bothered me (anyway)

## Verse 2

There is no right or wrong  
The rules for me are gone  
Put all my heart into my songs  
My true colors show

I don't care what they say  
Won't let them change my ways  
Won't take it even one more day  
You'll never get to me

### **Prechorus 2**

Now I'm free (free)  
I'm standing here  
Doesn't matter what you want  
Let the thunder rage on, and on

And now I'm free (free)  
I'm standing here  
Doesn't matter what you say  
My music's gonna play

### **Chorus 2**

The silence doesn't bother me  
The silence doesn't bother me (today)  
The silence didn't bother me (yesterday)  
The silence never bothered me (anyway)

### **Bridge**

(Free)  
I will rise up, much stronger than ever  
I will never stand down, no never, no never

I will rise up, much stronger than ever  
I will never stand down, no never, no never

I will rise up, much stronger than ever  
I will never stand down, no never, no never

I will rise up, much stronger than ever  
I will never stand down, no never, NEVER!

### **Chorus 3**

The silence doesn't bother me  
The silence doesn't bother me (today)  
The silence didn't bother me (yesterday)  
The silence never bothered me (anyway)

The silence doesn't bother me  
The silence doesn't bother me (today)  
The silence didn't bother me (yesterday)  
The silence never bothered me (anyway)
