DRONES

Located in San Francisco, the Conference will feature some of the most influential companies and speakers from the world of aerial robotics and commercial drones.

DATA

Data capture by drones will be a huge industry in the future. By matching drones and their ability to capture large amounts of data quickly, industries like construction, agriculture and real estate will adapt and benefit.

X

X stands for the creation of new partnerships and relationships that occur when people spend time together in a beautiful location learning new skills and discovering new experiences.

DRONE TALKS

Get the latest news and information from the leading drone CEOs in the world, who'll show us some of the latest software and services they are developing.

EXHIBITION HALL

Leading drone manufacturers will showcase some of their latest creations, along with drone startups and local tech talent.

VIP WEEKEND

Spend time with some of the leading CEOs, investors and thinkers in the field of commercial UAV technology.

DRONE DEMOS

We'll have indoor and outdoor drone demonstrations from all the leading drone manufacturers including DJI.

THE LOCATION

PALACE OF FINE ARTS

3301 Lyon Street San Francisco, CA 94123

EXHIBITION SPACE

Our event is being held in the 120,000-square-foot space located in the historic Palace of Fine Arts in San Francisco's Marina District. Originally constructed for the 1915 World's Fair, the Palace of Fine Arts features vaunted columns and a Classical aesthetic. This space is ideal for a drone conference. From a dozen people in our Breakout Rooms to a thousand or two in our Atrium.
