FOR IMMEDIATE RELEASE
NASHVILLE, TN – MARCH 10, 2016

Hiller Plumbing, Heating, Cooling & Electrical Honored as First-Ever Two-Time “Best in Business” Winner

Hiller Plumbing, Heating, Cooling & Electrical (Hiller), the region’s premier provider of residential and commercial service and repair, receives Nashville Business Journal (NBJ) ’s 2016 Best in Business Award for the largest employee category.

On Thursday, March 10, at the Best in Business Awards Luncheon in Downtown Nashville, the award was presented via live announcement to Jimmy Hiller, owner and CEO of Hiller Plumbing, Heating, Cooling & Electrical. Hiller was selected from a pool of hundreds of submissions and three finalists in the 500+ employee size category. This award marks the second Best in Business win for Hiller after their previous win in 2011 in the 101-500 employee company size category.

The Best in Business Award honors companies that “set the gold standard for growth, service, quality, innovation, and execution of a superb business strategy”, according to the Nashville Business Journal. Hiller was an ideal recipient of this year’s award for its focus on high-quality service, dedication to customer satisfaction, recent technology advancements, and tremendous growth over the past 26 years.

“At Hiller, we care about our customers, our employees, and our community”, said Jimmy Hiller, founder and owner of Hiller Plumbing, Heating, Cooling & Electrical. “So it is especially meaningful”, he continued, “When we receive awards like the Best in Business Award - that come from our community – and recognize our efforts.”

Launched in 1990 out of a duplex in Antioch, Tennessee, with a single employee, Hiller has grown to include over 420 trucks, 12 locations, and more than 600 employees across the southeast. In the past decade alone, Hiller has experienced over 900% growth in revenue.

“I believe we obtained this level of growth”, remarked Hiller, “By putting the customer first, always doing our best, and trying to do what’s right for our neighbors.”

Hiller Plumbing, Heating, Cooling & Electrical, provides residential and commercial service and repair throughout Tennessee, Southern Kentucky, and Northern Alabama. Hiller, recently named the fifth fastest-growing private company in Middle Tennessee, employs over 600 people across 12 locations, boasts a fleet of 420 “happy face” trucks, and proudly services over 35,500 loyal customers.
