

# Dreamer

## Verse 1

Once upon a time

Not too long ago  
The stars were lining up  
Your touch was all I'd know

## Chorus 1

You say I'm a dreamer!

How'd you figure that out?  
Was it the look in my eyes?  
Was it the passion in my heart?

You say I'm a dreamer...

## Verse 2

We will be ok

Even when apart  
My love will always stay  
I'll never break your heart

## Chorus 2

You say I'm a dreamer!

How'd you figure that out?  
Was it the look in my eyes?  
Was it the passion in my heart?

You say I'm a dreamer...

Am I such a dreamer?

Just because I need her??

**Solo**

**Chorus 3**

You say I'm a dreamer  
I'm glad you figured that out!  
When you look into my eyes  
You can see what I'm dreaming about

**End**

Sometimes I like to dream  
About that perfect life  
Where you and I can be  
Husband and wife

Where you and I can be  
In our private paradise

I'm a dreamer  
I'm a dreamer  
Just a silly dreamer

I'm a dreamer...
