FOR IMMEDIATE RELEASE

FieldConnect integrates with Dexter Chaney's Spectrum® Construction Management System for Wilson Electric.

FieldConnect is proud to announce that Wilson Electric, a Southwest based provider of electrical contracting services, has implemented FieldConnect with Dexter + Chaney's Spectrum as their mobile work order completion software for their field technicians and dispatchers.

Wilson Electric chose FieldConnect's FieldAccess, FieldDispatch and FieldGateway products to mobilize and streamline their field and back office operations, and provide a better experience for Wilson Electric's customers. "We're looking forward to seeing the benefits from FieldConnect's experience and technology extended into our field service organization. We've just rolled out the system to our field technicians and have seen promise during testing and initial implementation," states Terry Oakes, Owner/CFO at Wilson Electric.

FieldConnect integrates with Dexter + Chaney's Spectrum to provide field technicians with instant access to information from Spectrum while the back office has real-time visibility to activity in the field. Terry concludes, "FieldConnect is fully integrated with our Construction Management System from Dexter + Chaney, meaning our Spectrum system is instantly updated for visibility by our office and management staff as work is undertaken. And, our field team has instant visibility into customer requirements and history."

About FieldConnect

Since 2002, FieldConnect has provided mobile solutions designed around the needs of field service organizations – from your field engineers to your dispatchers, to the back office, and your end-customers. FieldConnect provides mobile field service software to best-in-class field service organizations, driving service department revenue and removing inefficiencies. www.fieldconnect.com

About Wilson Electric

Wilson Electric Services Corp. is an award-winning electrical contractor with a passion for results. We have been serving the Southwest since 1968, with a long history of using innovation to make our work better, faster and more efficient, never compromising on safety or quality. We are a full-service electrical contractor with expertise that spans the entire lifecycle of a building. Our 47+ years of hands-on knowledge helps turn ideas into practical solutions. We have the knowledge and the experience to customize a solution to meet the specific needs of your project. <http://www.wilsonelectric.net/>

About Dexter + Chaney

Dexter + Chaney has been providing complete construction management software for more than 34 years. From the office to the field, from accounting to project management, Dexter + Chaney software is

used by more than 1,000 companies. Their clients come from all segments of the industry— heavy/highway and utility, general contractors, electrical, mechanical, and specialty subcontractors— and are companies of all sizes, from locally-owned subcontractors to some of the world’s largest construction firms. Dexter + Chaney’s web-based software applications allow customers to get work done anywhere using any device with a web browser and without the need to download any software. For more information about Dexter + Chaney’s products and services, contact Wayne Newitts, Marketing Director, Dexter + Chaney, 9700 Lake City Way NE, Seattle, WA, 98115-2347; phone: 800-875-1400; e-mail: info@dexterchaney.com; web: www.dexterchaney.com.
