

# LIGHTBOX

## CLEARLY ADVANCED

The screenshot displays the EDR Lightbox interface. On the left, there's a 'HISTORICAL' panel with 'AERIAL PHOTOS' and a date range from 1931 to 2012. The main map shows an aerial view of a city grid with various overlays: yellow outlines for tax parcels, red triangles for findings, and a green polygon highlighting a specific area. On the right, a 'MAP FINDINGS' table lists 97 records, filtered by distance. The table has columns for Site Name, Address, Databases, Elevation, and Distance (mi).
