TG-7 Tactical Armor Inserts

Technical Specifications

»The patented **TG-7 Ballistic Armor Protection Inserts** are designed to be worn underneath **Ballistic Vests**. The **TG-7** and **TG-7U**, when worn beneath current soft armor vests, provide extra protection against trauma from back force deformation from bullet strikes, reducing additional injuries.

»Independent tests have shown that back force deformation is reduced by up to 75% to 96% when the **TG-7 Ballistic Armor Protection Insert** is used. Also available in Short and Long Sleeves (**TG-7U**).

»Each **TG-7** pad weighs just 1 pound/.45 kg and is 14 in./35.6 cm by 12 in./30.5 cm by 3/8 in./5 cm.
