

FOR
BETTER
LIVING

amerec[®]
STEAM. SAUNA. SOLUTIONS.

BETTER LIVING

We find inspiration in the lush forests, roaring rivers and breathtaking vistas that surround us. The incredible combination of adrenaline, exhilaration and meditative peace make us get out there and run, bike, ski and play. But reflection and refueling is what keeps us going. We believe in well-rounded health routines – optimizing downtime to spark new adventures. We are proud to make wellness products that truly improve lives on many levels. Come and explore wellness in a whole new way with us. We simply call it Better Living.

To us better living starts and ends in the luxury of your own custom spa. Combining steam bathing and sauna time maximizes the rewards: deeper relaxation and general stress relief as well as reduced aches and pains from exercise and arthritis.

QUALITY & DESIGN

CLEAN THINKING

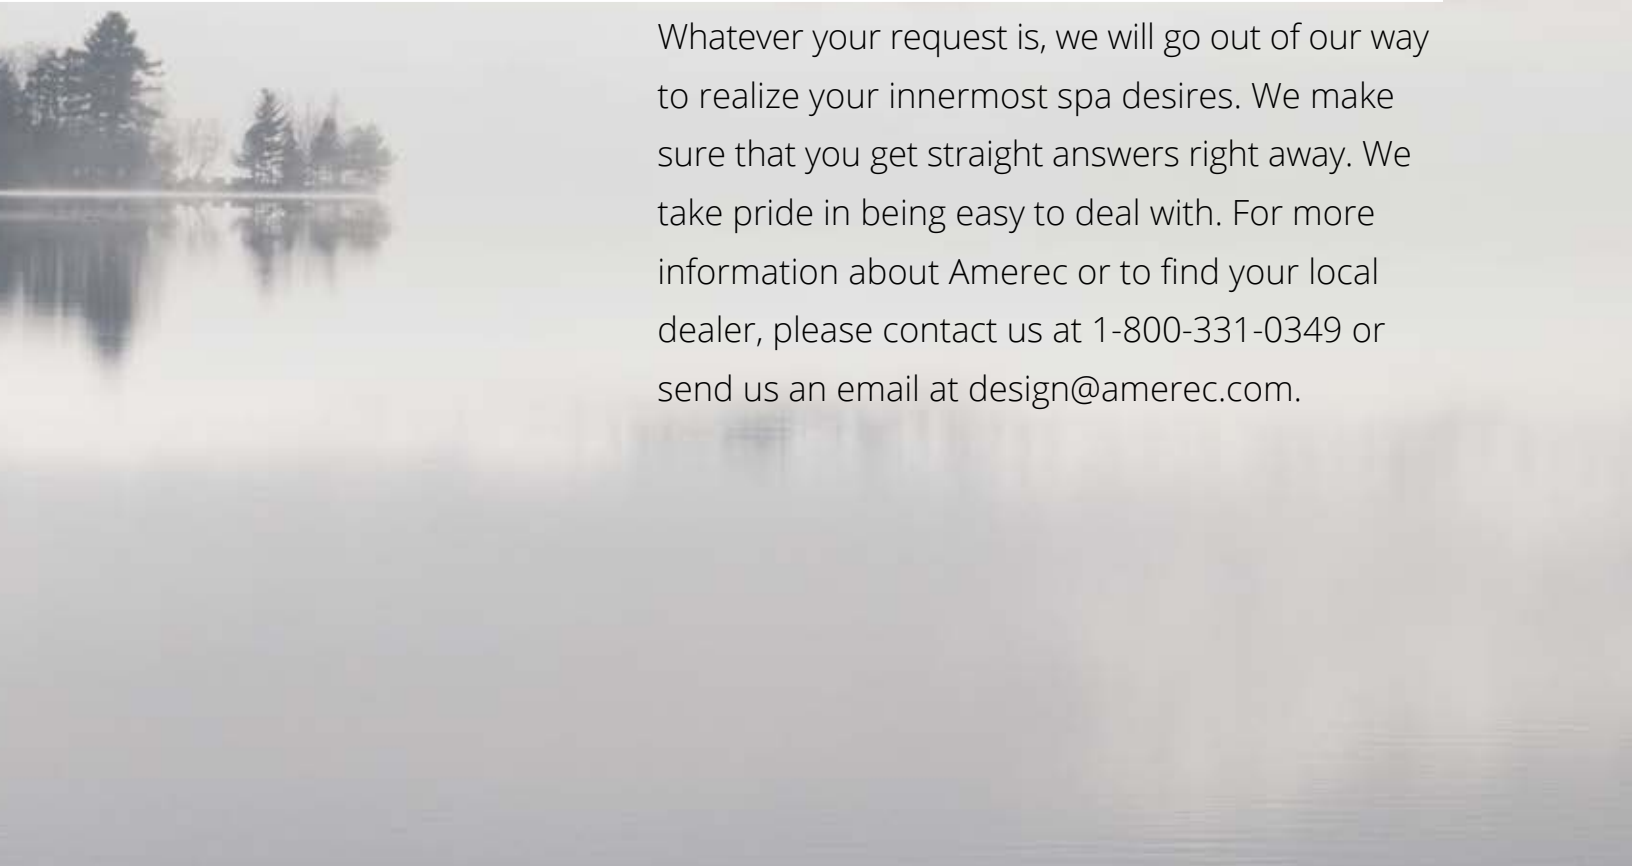

CUSTOMER SUPPORT

A serene landscape featuring a calm body of water in the foreground, reflecting the sky and a line of trees. The sky is filled with soft, misty clouds, and the trees are silhouetted against the light. The overall mood is peaceful and clean.

At Amerrec, we understand the quality of your steam and sauna experience is directly related to the quality of the products we design. Since every home is different, every life is different and every dream is different, we focus on finding the optimal solution based on your specific requirements.

We have a strong commitment to the nature that surrounds us. We continually challenge industry standards in sustainability and performance and we succeed in delivering products of the highest quality, while being mindful of what materials we use and the foot print its use leaves.

Whatever your request is, we will go out of our way to realize your innermost spa desires. We make sure that you get straight answers right away. We take pride in being easy to deal with. For more information about Amerrec or to find your local dealer, please contact us at 1-800-331-0349 or send us an email at design@amerec.com.

WE LIKE TO MAKE IT EASY

STEAM DESIGN TOOL

Since your home, its layout as well as your taste is most likely different from that of your neighbor's, we realize there is no standard solution for your home spa. To make things easier for you, we provide an easy web based planning tool with which you can create an outline of your space. All you have to do is enter a few specifications and choose accessories in order to get a picture of what your new home steam room would look like, along with a quote for your purchases.

PERSONAL HELP

We are known in the business to be easy to deal with and make sure that you get straight answers right away. Contact us at our Department of Solutions and talk to one of our personal spa planners. We are experts in the field and are standing by to guide and inspire you. Together we create the ideal solution for your home.

Get in touch with Amerec, and we'll assist you with your design needs. We have hundreds of dealers across the US and Canada.

To make things easier for you to create your dream steam or sauna solution, we have a number of services and bundled packages for your convenience.

CUSTOM SOLUTIONS

We are industry leaders in steam and sauna solutions. Every home is different, every life is different and every dream is different. That's why we aren't limited to standard solutions. Most home steam baths or sauna rooms are custom built on-site to your specific requirements. The functionality of our solutions stand out in comparison with the competition and we know how to create a perfect spa environment. Together we make sure that you are able to indulge in a spa that is optimized for your personal requirements and desires.

BUNDLED PACKAGES

Make your install stress free and easy right from the get go with our popular packages. The Olympic Package combines reliability and low maintenance of the AX generator with ADX Auto Drain and ADP Drip Pan with the innovative A6 Touch Control and ComfortFlo steam head. The Cascade Package includes all of this, plus both aromatherapy and chromatherapy features. All you have to do is tell us about the characteristics of your existing shower and select the finish of the steam head you'd like, and your steam system package is ready.

RESIDENTIAL STEAM GENERATOR

AX SERIES GENERATOR

We have designed our AX series generators for long lasting performance and reliability. Consistent and even flow of steam are unique Amerrec features that set our generators apart. For a truly first class steam bath experience, integrate it with your existing smart home solution by using the amerecConnect™ feature. AmerecConnect™ functionality is included in all our existing steam generators, and may be added to many current installations.

COMFORTFLO™ STEAM HEAD

The ComfortFlo™ steam head is designed for optimal steam dispersion providing more even heat throughout the steam room and reducing the time required to reach the desired room temperature. It ensures that each steam bath is perfect and invigorating. Steam is delivered into the room emitting a soft pink noise, is a component inducing a higher state of relaxation and better sleep. The ComfortFlo™ steam head features a fragrance reservoir allowing the bather to enjoy the benefits of aromatherapy using their favorite fragrance.

Available finishes:

- Polished chrome
- Polished brass
- Polished nickel
- Brushed nickel
- Oil rubbed bronze
- White

CONTROL IT

The A6 touch control panel displays the temperature and running time, can be programmed to start up to 24 hours in advance, and can run from 15 minutes up to 24 hours. It allows you to regulate all existing features in your steam room such as lighting, temperature settings and different languages, with even more advanced functions.

It is designed to be wall mounted outside the room for ease of use. You have the choice of surface or flush mounting through the use of a recessed mounting box, with a trim ring to match the selected finish, that is included in the kit. The display indicates your settings on a numbered scale and you can connect it to an external switch or even link it to most smart home solutions.

A6 TOUCH CONTROL

Intelligent start

Pre-heats steam bath for you

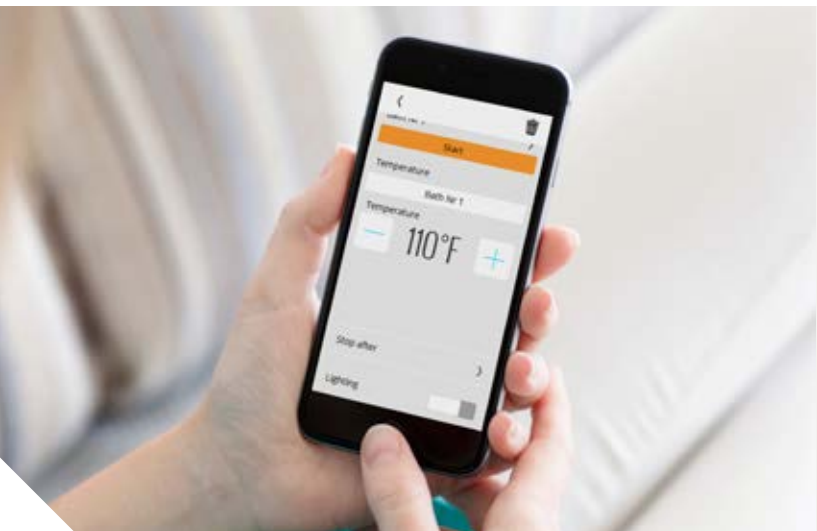

Calendar programming

Tell your steam bath to work according to your schedule

Energy saving

The stand by mode makes for efficient use of power

Our A3 control panel makes for a simple and convenient solution for complete control of your steam bath. The panel blends discretely and elegantly into the space with its clean lines and refined design. The easy-to-read display provides a full overview of power-on time, temperature and lighting. Program your steam bath for continuous operation or use the option of a pre set time. There is of course also the delayed start function allowing you to set the automatic power on with a delay 1-10 hours.

Relax even before you go into your steam bath or sauna. With our mobile version of the amerecConnect™ app, you can control your home spa from within your home wi-fi network on your Apple and Android devices.

For ease of use and convenience, we have developed the amerecConnect™ functionality for smart phones and tablets. Take total control over your steam bath experience from the palm of your hand. Configure and set it to your individual desires for optimal performance.

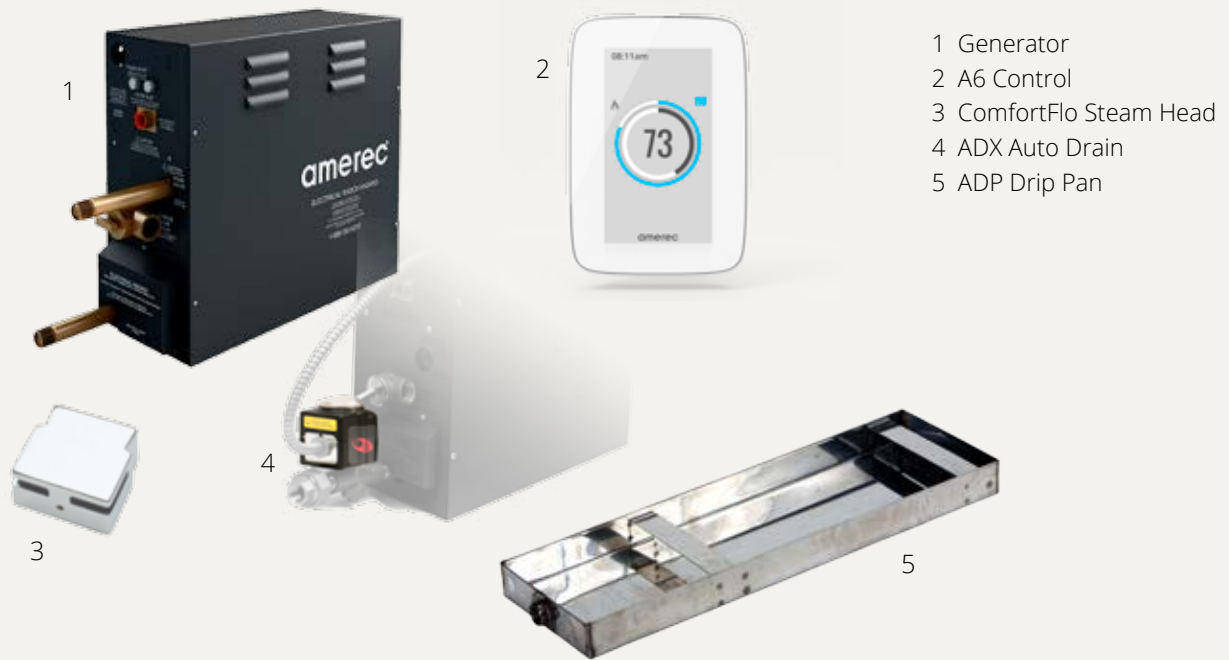

BUNDLED STEAM PACKAGES

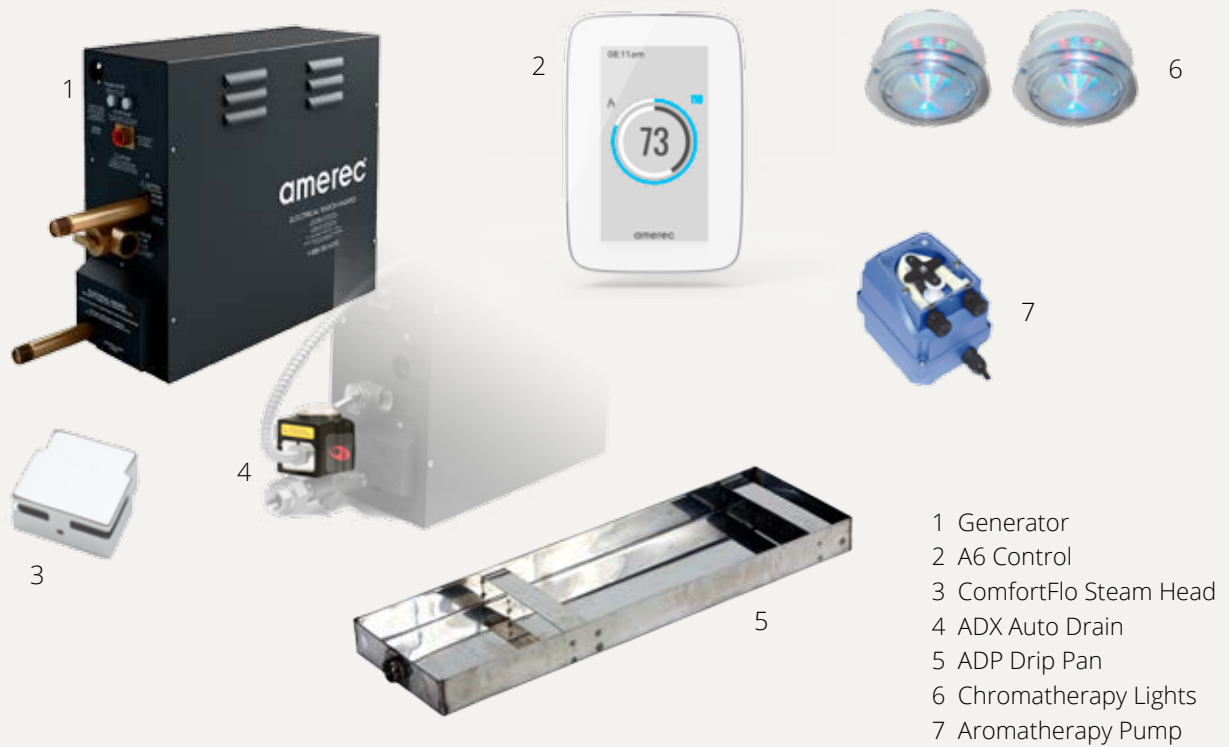

Taking it easy by making it easy. Leave it to the experts by choosing one of our packages curated from our most popular options.

OLYMPIC PACKAGE

CASCADE PACKAGE

STEAM ACCESSORIES

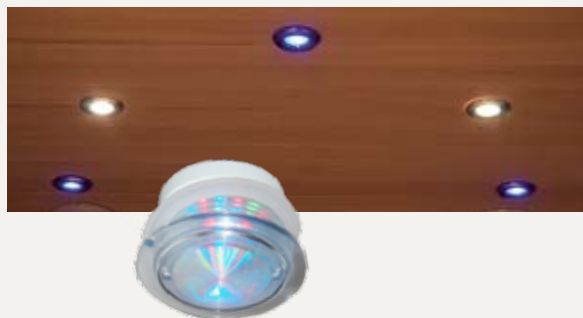

We all have different criteria for measuring comfort. Amerrec makes it easy to personalize your experience with a range of steam bath accessories that add to your sense of well-being. Whether you prefer the mood-soothing effects of soft color light, the peace of mind of cooled steam outlets or the ultimate convenience of an automatic drainage system, Amerrec has a solution for making your steam bath exactly right for you.

ADX AUTOMATIC DRAIN OPTION

Your AX generator-powered steam bath includes an automatic drain and flushing system for added convenience and worry-free performance. The ADX automatic drain empties the generator tank after every bath and refills the tank with clean, fresh water before your next steam bath. In addition to reducing sediment build up and providing longer element life, the ADX drain ensures that the steam for each new bath is generated from pure, freshly-sourced water.

CHROMATHERAPY LIGHTING OPTION

Colors have a documented effect on our moods and using colored light to enhance feelings of inner peace and well-being is now an accepted practice. Enhance the soothing and revitalizing effect of your steam bath with our ceiling-mounted color light therapy kit.

THE BLUECUBE

The Steam Shower Sound System offers superior sound quality for your personal steam shower. The BlueCube hide-away stereo is designed to be out-of-sight and plays music wirelessly via a Bluetooth enabled smartphone, MP3 or USB device. Wired connections can also be made with stereo RCA inputs. Includes an RF 2-way remote control and a pair of waterproof flush-mount, 2-way speakers.

TEAK SHOWER SEAT

Featuring the beauty and durability of Teak wood, this sturdy seat is an affordable seating option for baths and showers. The Teak seat provides bathers a place to relax and enjoy the soothing benefits of steam. Easy to clean, the Teak seat can be folded-up against the wall when not in use. Seat dimensions are 20" x 13".

WHITE RELAX SHOWER SEAT

The Relax shower seat is an affordable seating option for steam baths and showers. It provides bathers a place to relax and enjoy the soothing benefits of steam. Constructed of easy to clean plastic, the Relax seat can be folded-up against the wall when not in use. Seat dimensions are 13" x 9".

ADP STAINLESS STEEL DRIP PAN

Designed for use with Amerrec AT, AK, AX, 3T and 3K series steam generators. When properly installed and connected to an appropriate drain line, the ADP drip pan catches and drains away any water leaks. Features stainless steel construction with welded corners and a 3/4" stainless fitting.

FRAGRANCE INJECTOR OPTION

The injector eliminates the need to add aromatherapy oils onto the steam head by introducing oils directly into the steam line.

FRAGRANCE, EUCALYPTUS

Suprema Grade
100% Pure

ASX120 SINGLE SUMP/ CARTRIDGE SYSTEM

ASX120 with Dual Cartridge System with replaceable cartridges featuring a ScaleX2 filter to reduce scale build-up and extend element life of the steam generator.

SCANDINAVIAN SIMPLICITY
AND SENSIBLE LUXURY
FOR YOUR HOME

CUSTOM-CUT SAUNA

We are industry leaders in steam and sauna solutions. Every home is different, every life is different and every dream is different. That's why we aren't confined to standard solutions when creating relaxing environments for homes or commercial settings. Most of our steam baths or sauna rooms are custom built on site to your specific requirements. The functionality of our solutions stand out in comparison with the competition and we know how to create a perfect spa environment.

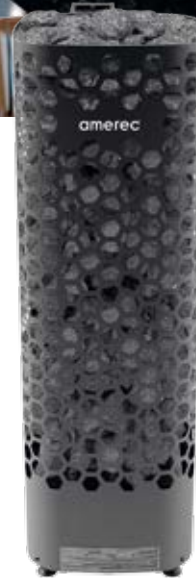

To reach that perfect solution, we have a wide range of beautiful designs, luxurious and durable materials at hand. We also carry an extensive line of energy efficient equipment and advanced technology at your disposal. As an Amerrec customer, our knowledgeable designers are at your disposal to guide and create your custom made dream steam room or genuine sauna. Together we make sure that you are able to indulge in a spa that is optimized for your personal requirements and desires.

Enjoy the luxury of your own custom spa. Get maximum reward and better health by combining steam bathing and sauna the Scandinavian way.

CUSTOM-CUT SAUNA

HEATERS

We offer a full range of intelligent electric heaters serving a broad spectrum of sauna therapies. Whether you prefer a dry, hot sauna or a softer more humid experience, our heaters will deliver. Common for all of them is ingenious technology, user-friendliness and attractive styling. Built in is also

careful consideration to the environment and the use of energy. With a whole host of available features, your sauna experience can be highly personalized.
