ABOUT FOCUS ON FATHERHOOD NETWORK

The Focus on Fatherhood Network is a federally recognized 501 c 3 nonprofit organization that serves as the catalyst for providing professional and program development for organizations implementing responsible fatherhood programs and services. The mission of our organization is to enhance the capacity of service providers throughout the region, to more effectively serve fathers and strengthen families. Our mission is accomplished through capacity building workshops, leadership development, network sharing, and collaboration.

The "Focus on Fatherhood" responsible fatherhood initiative formally began in June 2011 with funding provided by the Children's Trust Fund. The initiative was designed to "embrace" fathers where they are and "enable" them to improve their relationship with their children as well as the mother of their children..

"Focus on Fatherhood" serves as a responsible fatherhood education program designed to increase the involvement of fathers in child nurturing and to enhance the parenting skills of fathers so that they could assist in nurturing their children to grow into healthy, responsible adults.
