FOR IMMEDIATE RELEASE

**HarbisonWalker International launches new Mobile Tools App**

Pittsburgh, PA – May 16, 2016 – HarbisonWalker International (HWI) has created a new version of its Mobile Tools App for the refractories industry. The all-new Mobile Tools App features instant access to HWI's Water Mix Calculator for quick and easily calculations, along with more new resources to help customers use HWI's products and services.

HWI's Mobile app was a first for the refractories industry when it launched in 2014 under the company's previous name of AHN Refractories. The new version is designed for iPhone, iPad and Android mobile devices. It includes:

- A Water Mix Calculator for determining the water needed for mixing and placing HWI refractories monolithics products
- Instant access to HWI product safety data sheets
- Search features for finding the closest HWI Global Sourcing Centers
- Contacts for HWI technical support

The mobile app is available via:

Apple App Store at: <https://itunes.apple.com/us/app/harbisonwalker-international/id918657435?mt=8>

Google Play for Android devices: <https://play.google.com/store/apps/details?id=com.hwi.mobiletools>

###

**About HarbisonWalker International**

With more than 150 years of industry leadership, HarbisonWalker International (HWI) is the largest supplier of refractory products and services in the United States. Headquartered in Pittsburgh, Pennsylvania, the company's international network spans North America, Europe, and Asia, with 19 manufacturing plants, 30 global sourcing centers, and technology facilities in both the United States and China. Serving virtually every major industry that requires refractory solutions to enhance production and protect assets, HWI is consistently recognized for its talented experts, industry firsts, and intensely driven excellence.
