

Unlock

the Power of your clients' pictures

Are you ready to gain new clients, as well as delighting your existing ones with new offerings?

Helping your customers with a captivating creative experience has never been easier.

Add a Kodak Picture Saver Scanner to your Storefront PhotoKiosk and begin offering high-quality/high-volume photo digitization today.

Storefront, one of the most trusted names in kiosk solutions for photo printing worldwide, now offers high-volume/high-quality photo scanning using the Kodak Picture Saver Scanner.

This solution is a pathway to greater possibilities in offering more value and services for specialty and enterprise-grade applications, photo processors, OEMs, event operators, wholesale labs, independent photo retailers or anyone desiring photo kiosk functionality.

The Kodak Picture Saver Scanning System offers:

- Fast, automated photo scanning up to 85 photos/min, up to 1200 dpi resolution
- Simple, flexible operator controls using PhotoKiosk Software
- Durably constructed with patented delicate photo handling technology by Kodak
- Peace of mind through Kodak Alaris Services & Support
