Smart Refrigeration. Smart Inventory. SMART Practice.

## TRANSFORM HOW YOUR PRACTICE PURCHASES, MANAGES, AND ADMINISTERS INJECTABLES

» **Secured.** Individualized PIN-based access secures inventory control.

» **Monitored.** Temperature-management technology maintains a consistent temperature to meet product storage requirements, 24/7.

» **Connected.** Manage your inventory from anywhere, anytime with the MinibarRx web portal.

Here's what you get with a \$99/month\* subscription plan.

## MANAGING VACCINES & BIOLOGICS JUST GOT EASIER (and SMARTer)

MinibarRx has reengineered how physicians and healthcare facilities purchase, store, and bill for vaccines and biologics.

Get peace of mind with a full suite of web-connected SMART tools.

Medical-grade refrigeration protects and monitors your vaccine and biologic inventory.

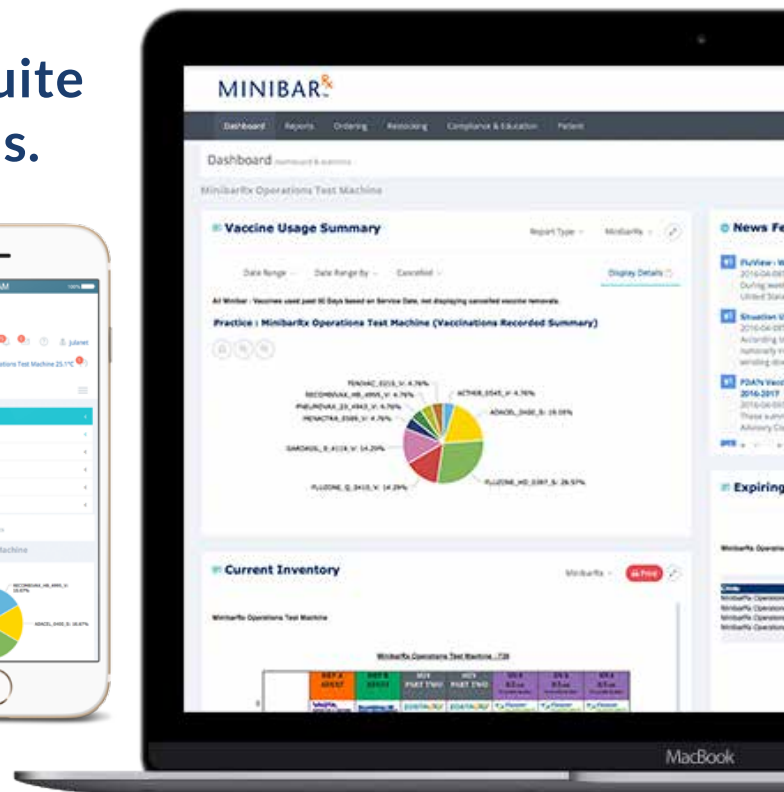

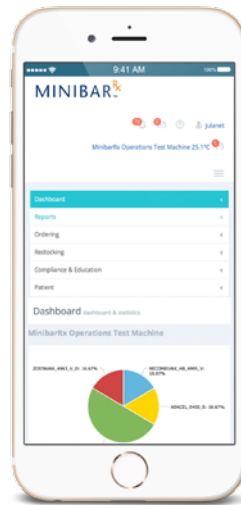

Management portal allows you real-time views of YOUR inventory, dispense history, and expiring inventory.

Centralized ordering and preferred pricing make restocking easy and ensure you get the best price and terms on your vaccine and biology inventory.

Automatic syncing to your EMR reduces data entry and keeps records up to date.

\* Learn more about monthly subscription plans at [www.MinibarRx.com](http://www.MinibarRx.com).

## STATE-OF-THE-ART SMART REFRIGERATION

- » Medical-grade refrigerator for precise temperature management and control
