On-Demand Document Generation
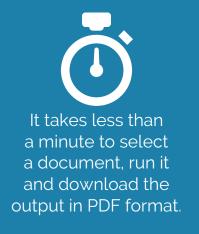

EMPLOYEE SELF-SERVICE

Generate Real-Time Employee Documents Anytime, Anywhere

Strato On-Demand Document Generation for SAP SuccessFactors gives users the power to request and run their own documents, statements and letters in just seconds. Documents can be accessed from Strato or from a user's SAP SuccessFactors homepage.

Enabling users to run their own documents like employment verification letters, candidate documents, on-boarding packets, and leave notifications saves time, reduces workload on HR departments and increases employee satisfaction.

With Strato, employee documents can be accessed anytime, anywhere.

Strato leverages standard SAP SuccessFactors security controls to safely retrieve employee data and generate documents.

It takes less than a minute to select a document, run it and download the output in PDF format.

Strato documents are accurate and timely. They are generated in real-time and always contain the most up-to-date employee data and information.

Strato's ease-of-use means users can begin creating documents in minutes.
