The Most Helpful Favorable Review

★★★★★ **Quality Drink Coasters - A ...**

Another quality product by "BARVIVO." These silicone drink coasters are great! Helps with keeping the rings off of our wood tables. These have excellent grip which prevents slippage. If you spill beverages occasionally or overpour your beer, the shape of these catch the spillage. A simple, affordable 5 star product that has more value than you would initially think it would. Have an iPhone video review!
