

FREEDOM+ SURF

DESIGNED IN PARTNERSHIP WITH OCEAN & EARTH

A man with a beard and a wetsuit is swimming in the ocean. He is looking towards the camera with a slight smile. The background shows a coastline with mountains under a blue sky with some clouds.

GET OUT THERE.

"Shark Shield takes the wellbeing of sharks as seriously as the protection of humans. A win-win for surfers and sharks."

-Tom Carroll

Developed with World Champion Surfer Tom Carroll

A handwritten signature in black ink, likely of Tom Carroll, the world champion surfer mentioned in the text.

ADVENTURE AWAITS AND WHEN THE OCEAN CALLS, NOTHING CAN STOP YOU.

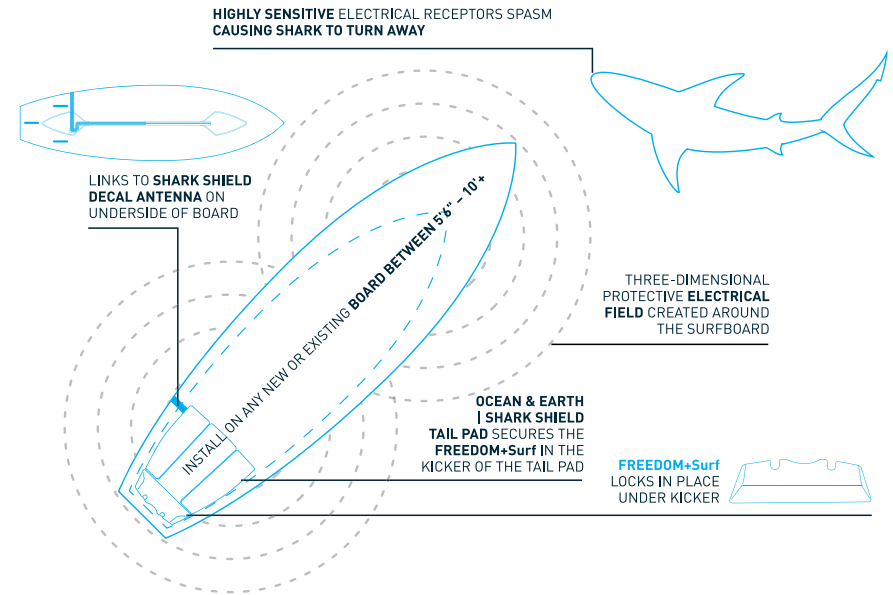

Shark Shield turns sharks away so you can experience more. Backed by two decades of scientific research, this non-evasive shark deterrent technology gives you the freedom to chase your passion.

Because nothing should get in the way of you and the ocean.

THE TECH.

URNS SHARKS AWAY.

Sharks have small short-range electrical receptors in their snouts used for feeding. Shark Shield's unique three-dimensional electrical waveform turns sharks away by causing unbearable spasms in these sensitive receptors. Shark Shield removes the need for culling or other lethal means of managing human and shark interactions.

SCIENTIFICALLY PROVEN TO TURN SHARKS AWAY.

We're not the new kid on the block. Shark Shield been around for over two decades and our technology is scientifically proven to turn sharks away. Three independent research universities have confirmed Shark Shield's efficacy, so you don't have to take our word for it.

FOR PROFESSIONAL ADVENTURERS.

The world's leading oceanic organizations trust Shark Shield. Used by professionals, such as the U.S. and Australian navies, police and rescue divers around the world, Shark Shield is a safety device providing peace of mind while supporting the conservation of sharks.

INTRODUCING

FREEDOM+ SURF

The **FREEDOM+ Surf** is the result of collaboration with **Ocean & Earth** and 2x World Surfing Champion Tom Carroll. With the removable power module housed in the custom, **Ocean & Earth** tail pad kicker, you can easily transport from board to board or for re-charging. We've transformed the trailing electrodes into a sticker-thin, adhesive decal that's simply applied to the underside of your board. This lightweight solution offers nearly zero drag, so there is no impact to your surfing performance.

FREEDOM+ SURF

- Fully integrated solution means no impact on surfing performance
- Twenty years of technology scientifically proven to turn sharks away
- Near zero drag, sticker-thin adhesive decal antenna is only 600 microns thick
- Easy to remove electronics module fits into kicker of the tail pad
- Simply order extra O&E tail pads for your other boards a single electronics module can be moved between boards
- The 4-5 hour rechargeable lithium battery lasts a full surfing session and provides over 1,000 charge cycles
- LED indicator for power on/off and battery life

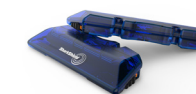

“A WIN-WIN
FOR SHARKS
AND SURFERS”

OCEAN & EARTH TAIL PAD / DECAL

The 600 micron, sticker thin adhesive decal antenna offers near zero drag for no impact on surfing performance.

PART NUMBER: SUOE-SBA

FREEDOM+ SURF

FREEDOM+ Surf power module which can be transferred from board to board.

PART NUMBER: FRSS-00A

OCEAN & EARTH TAIL PAD / DECAL

O&E designed tail pad houses the removable FREEDOM+ Surf power module

PART NUMBER: SUOE-SBA

PART NUMBER	DESCRIPTION
MAIN PRODUCTS	
ROE-SBA	FREEDOM+ Ocean & Earth SURF Designed by surfers for surfers, the FREEDOM+ Surf Bundle includes everything you need to turn your surfboard into a shark deterrent. Includes FREEDOM+ Power Module, Ocean & Earth Tail Pad / Decal, FREEDOM+ Docking Station, Tail Pad Kicker Support and Decal Antenna E-field Control Kit.
ACCESSORIES	
FRSS-00A	Shark Shield FREEDOM+ The FREEDOM+ powers the scientifically designed antennas that generate our proven protective shark deterrent E-field. Includes FREEDOM+ Power Module and Docking Station.
SUOE-SBA	Ocean & Earth Tail Pad / Decal Ocean & Earth Tail Pad for additional boards, includes adhesive decal antenna that generates the protective shark deterrent E-field. Decal is only 600 microns thin and user installable. Includes Tail Pad Kicker Support and Decal Antenna E-field Control Kit.
FRSS-DSA	FREEDOM+ Docking Station Charging docking station for the FREEDOM+ power module, recharges the FREEDOM+ in under two hours. Includes international power adapter.
FRSS-CCA	FREEDOM+ 12v DC Car/Boat Charger Connects to the FREEDOM+ Docking Station for charging the FREEDOM+ Power Module from a 12V DC supply for use in cars and boats.
SUOE-CKA	Decal Antenna E-field Control Kit The decal antenna E-field control kit provides stickers to cover the decal electrodes to reduce the power output for those more sensitive to electrical fields. Reduces the E-field by 25%, 50% or 75% depending on which sticker is used. (reduces products effectiveness)
SUOE-KSA	Ocean & Earth Tail Pad Kicker Support Supports the kicker area when the FREEDOM+ Surf removable power module is not installed.
WASS-03A	Three Year Extended Warranty Get extra protection, extend your standard One Year Warranty on your FREEDOM+ to a Three Year Warranty. (excludes accessories)
