

iPatientCare Set to Demonstrate Its iRemind Services and share knowledge on Reducing Billing Obstacles During its Monthly VUCON to be Held on August 18, 2016

iPatientCare to Present Pathway to Eliminate billing road blocks with help of its efficient Revenue Cycle Management Services and show how to remain compliant by availing its MU^{Plus} Services along with demonstrating a complete solution for patient reminder services in its Upcoming Virtual User Conference (VUCON) to be Held on August 18, 2016

Woodbridge, NJ, July 29, 2016 — iPatientCare, a pioneer in [cloud-based ambulatory EHR](#) and Revenue Cycle Management services, announced a monthly Virtual User Conference (VUCON) August 2016 session to help practices eliminating billing obstacles and reducing administrative expenses by adopting iPatientCare RCM Services along with MU^{Plus} services to help providers remain compliant and along with a brief demonstration of its complete patient reminder solution 'iRemind'.

iPatientCare conducts series of knowledge dissemination sessions known as Virtual User Conference (VUCON), every month as part of its commitment to stay connected with their esteemed end users in terms of Education, Exhibition, and Entertainment. VUCON 2016 sessions have been focusing on highlighting new updates of the software and healthcare industry; launches of the iPatientCare new products and software versions with its demonstration; and many useful add-ons for iPatientCare Users.

iPatientCare Virtual User Conference (VUCON) August 2016 session will highlight how to avoid billing obstacles by adopting iPatientCare RCM Services in order to get rid of heavy administrative expenses and giving providers gain more control on financial aspects of their practice. Having accurate, efficient and timely patient billing will enable you focus more on patient care. Additionally, this session will also reveal how iPatientCare MU^{Plus} services can keep providers compliant along with a brief demonstration of its complete solution of patient reminder service 'iRemind'.

This session is due on Thursday, August 18, 2016 at 3:00 PM EST. [Click here](#) to register now!
