**Gerry Gebel**

**President of Americas for Axiomatics**

**Area of Expertise**

- Security Architecture
- Enterprise Architecture
- Cloud Computing
- SaaS
- Security
- Identify and Access Management (IAM)

**Industry Experience:**

Management, Enterprise Software, Product Management and Identity Management

**Biography**

As president, Gerry Gebel is responsible for sales, customer support, marketing, and business development for the Americas region at Axiomatics. In addition, he contributes to product strategy and manages partner relationships.

Before joining Axiomatics, Gerry was vice president and service director for Burton Group's identity management practice. He covered topics such as authorization, federation, identity and access governance, user provisioning and other identify management (IAM) topics. In 2007, he facilitated the first ever XACML interoperability demonstration at the Catalyst conference.

In addition, Gerry has nearly 15 years' experience in the financial services industry including architecture development, engineering, integration, and support of Internet, distributed, and mainframe systems.
