

iPatientCare Successfully Concludes National User Conference (NUCON) 2016

iPatientCare National User Conference 2016 Concluded with Great Fanfare and Enthusiasm to Embrace Challenges of MACRA: MIPS/APM Final Rule, Revenue Cycle Enhancement and Browser Agnostic & Responsive Application

Woodbridge, New Jersey, October 25, 2016 -- [iPatientCare, Inc.](http://iPatientCare.com), iPatientCare, a pioneer in cloud-based ambulatory EHR and Revenue Cycle Management services, announced today the successful conclusion of its National User Conference (NUCON) 2016 that provided end-users and channel partners of iPatientCare an opportunity to cement their relationships and stand united in adopting to the challenges of healthcare IT reforms.

The conference keynote address was delivered by Udayan Mandavia, President/CEO, iPatientCare, in which he focused on the theme of “Pushing the Envelope: Further Out”. Udayan, being a serial entrepreneur traced the healthcare IT reforms since mid-nineties and correlated iPatientCare’s success in strategically evolving a global corporation and a product suite that servers US healthcare sector, including individual clinicians, physician offices, rural health clinics, federally qualified health centres, and hospitals/health systems/ACOs etc. He concluded his address by announcing, “... iPatientCare has spread its geographic expansions to address the needs of Canada, Latin America, Middle East and North Africa (MENA) Region, India, and Southeast Asia. iPatientCare product, which we unveil today, shall work on any Web browser, any mobile device of any size and operating system, and anywhere in the World”, to the charged up audience cheering and applauding this announcement. iPatientCare NUCON 2016 was attended by iPatientCare users and channel partners from the US and also from more than a dozen countries other than the US.

Kedar Mehta, CTO, iPatientCare, invited by Udayan at the end his Keynote, provided a sneak preview of R2017. The new version of iPatientCare won the hearts of all attendees, evident by the frequent applause and cheers from the audience. Kedar presented the futuristic product through multiple practical usage scenarios which included telehealth visit and remote patient monitoring among many others.

The special attraction of this year’s conference was the informative session from on understanding MACRA: MIPS and APM in the light of the recently published Final Rule. The panel of speakers elaborated on what EP must do today to succeed in the long term. All iPatientCare users and exhibitors/sponsors attended this session and had very lively interaction with the speaker.

There were highest number of exhibitors/sponsors at this event than any similar events before and iPatientCare users visited exhibit booths during lunch and coffee breaks in large numbers. CoverMyMeds, the Gold Sponsor of the event commented, "CoverMyMeds is thrilled to have the opportunity to present its value proposition to iPatientCare's practices. We look forward to working with all of iPatientCare's practices to help them with prior authorization within their clinical workflow."

"We never miss attending iPatientCare NUCON since this astonishing yearly event started 7 years ago", said Victoria Gonzalez, Practice Manager, McLeod Medical Center, New Mexico. Attendees from overseas also expressed their pleasant surprise to be part of such an event hosted by iPatientCare, packed with information and full of fun and interaction.

The grand-finale of the conference was an Award Ceremony followed by an innovative game, iSAW, that is, iPatientCare Spin & Win, and iPatientCare Lucky Draw giving gift coupons to the winners. All attendees and exhibitors/sponsors enjoyed and appreciated the prizes and the fun they all had in attending iPatientCare NUCON 2016.

About iPatientCare:
