About Showplace Wood Products:

Employee-owned Showplace Wood Products, Inc. manufactures fine all-wood cabinetry for the home, sold through independent kitchen and bath dealers in all 50 states and parts of Canada. Every cabinet is made-to-order to fit the individual homeowner's specific style and space requirements. Showplace is among the largest American-made cabinet manufacturers in the country.

Showplace has 553 employees with three manufacturing facilities, two in Harrisburg with the third in Beresford, SD, and five retail showrooms, called [Showplace Kitchens](#). The company owns and operates these showrooms, located in Harrisburg and Sioux Falls, SD; Urbandale, IA; Parker, CO; and Fargo, ND.

Showplace builds and distributes custom and semi-custom overlay, inset, and full-access (frameless) cabinetry for the home. ShowplaceEVO, a full-access line, offers styling options without face frames for unrestricted access to the cabinet interior. [Showplace Renew](#) refacing addresses our new reality of a realistic budget. Showplace Renew offers new hardwood doors and drawer headers, veneers for face frames finished to match, as well as an option to add new Showplace cabinets and accents. The company also builds [Murphy wall-beds](#), [entertainment centers](#), designer closets, and cabinetry for [home offices](#).
