

Oracle Accounting Hub Reporting Cloud -

The answer to modern financial management for Oracle EBS clients

Improve business decisions by extending reporting and analysis of your Oracle E-Business Suite. Accounting Hub Reporting Cloud provides enterprises with multi-dimensional reporting and analytical capabilities including mobile reporting support.

Simplify: Automated transfer of setup data and account balances.

Access: Existing E-Business Suite data presented the way you want: spreadsheet, interactive report, desktop or mobile reporting

Accelerate: Rapid results with sample reports uniquely generated for your business.

Integrate: Co-exist with your existing E-Business Suite solution.

Modern Reporting

Automatic Reporting.
Income statement & trial balance reporting immediately.

Self-Service Reporting.
Access financial reports anytime.

Spreadsheet Analytics.
Slice and dice account balances with the Smart View Excel plug-in.

Mobile & Social

Mobile Reporting.
Access real-time financial reports from your tablet or desktop.

Visualization Capabilities
Interact with account balances & view them from different perspectives.

Social Collaboration.
Open communication during the financial reporting review process.

Pre-built Integration

Touchless Integration.
Easy steps to enable integration with your EBS General Ledger.

Streaming Balances.
Balances are continuously updated from EBS.

Drill down Enabled.
Drilldown to E-Business Suite General Ledger & subledger transactions.

Extension

Ledger set Reporting.
Report on multiple layers with ledger sets.

Adjustment Ledgers.
What-if reporting analysis and additional reporting capabilities.

Adjustment allocations.
Create complex allocations to adjustment ledgers.
