

## Mohegan Sun, Uncasville, CT May 16-18, 2017

### Save The Date

INNOVATE is JMT's own conference that has evolved since 2005 into much more than just a user conference. Along with MIP and Intacct educational tracks, the program now includes an Innovative Solutions track and a special one-day Financial Leadership track. This unique thought-leadership program is designed for C-level nonprofit professionals and features guest speakers who are leading experts in the world of finance for nonprofits.

We invite you to save the date and join us for the entire conference, or just one day of Financial Leadership track, where you can network with others and earn up to 12 CPE credits - all while attending sessions on the latest issues nonprofits are facing.

### Session Tracks

**Financial Leadership** – Thought leadership and industry best practices designed for CFOs, Controllers and other senior management

**MIP Fundamentals** – Product training track for current beginner to intermediate MIP users

**MIP Mastery** – Product training track for current advanced MIP users

**Intacct Mastery** – Product training track for current intermediate to advanced Intacct users

**Innovative Solutions** – Showcasing complementary technologies and related services that add value and efficiency
