FOR IMMEDIATE RELEASE

Polyglass U.S.A., Inc. is a Sponsor of the Dolphins Cancer Challenge

Polyglass commits for the second year to be a funding partner of the DCC, an annual event to raise money for Sylvester Comprehensive Cancer Center at the University of Miami.

DEERFIELD BEACH, Fla. Feb. 7, 2017—Polyglass U.S.A., Inc. announced today that it is a funding partner of the 2017 Dolphins Cancer Challenge (DCC), the Miami Dolphins' signature health initiative. The \$50,000 sponsorship represents part of Polyglass' commitment to this charity, along with its team of employees who will raise funds and participate in the DCC event scheduled for February 11, 2017.

"Everyone has been touched by cancer in some way and the Polyglass organization wants to help find a cure," said Director of Strategic Marketing, Scott Lelling. "The money raised at the DCC has made a difference in the lives of many people affected by cancer and Polyglass is proud to be a funding partner of this worthy initiative for the second year."

Since founded by the Miami Dolphins organization in 2010, the DCC has raised more than \$16.5 million to further cancer research at Sylvester Comprehensive Cancer Center at the University of Miami. One hundred percent of the participant-raised funds has been used by Sylvester to make life-changing discoveries leading to more individualized treatments, better outcomes and more hope for cancer patients. The allocation of the donations include translational research, clinical trials, pediatric oncology treatment, breast cancer research, genitourinary cancer research and radiation oncology research.

At the DCC event in February, Polyglass employees will join other bikers, runners, and walkers in a race to beat cancer. All participants will end their race at Hard Rock Stadium in Miami Gardens, Fla. The event closes with a concert at the finish line. The DCC has announced that multiplatinum musicians Counting Crows will headline the 2017 DCC Finish Line Celebration. The DCC also has incorporated the hashtag #CancerFighters as part of its campaign.

About the Dolphins Cancer Challenge (DCC): The DCC is dedicated to improving people's lives through the financial support of innovative cancer research at Sylvester Comprehensive Cancer Center. Launched in 2010 as the signature initiative of the Miami Dolphins Foundation, the DCC is a way all of us can be cancer fighters! One hundred percent of participant-raised funds go to innovative cancer research at Sylvester.

About Sylvester Comprehensive Cancer Center: Sylvester Comprehensive Cancer Center, part of UHealth – the University of Miami Health System and the University of Miami Miller School of Medicine, is among the nation’s leading cancer centers and South Florida’s only Cancer Center of Excellence. At Sylvester, patients have access to more treatment options and more cancer clinical trials than most hospitals in the southeastern United States. To better serve current and future patients, Sylvester has a network of conveniently located outpatient treatment facilities in Miami, Kendall, Hollywood, Plantation, Deerfield Beach, Coral Springs, and Coral Gables.
