

America's Leader

in Fireproofing, Design/Build Construction,
and Specialty Precast for **70 Years.**

DID YOU KNOW? We fireproof more steel than anyone else in North America.

FIREPROOFING:

America's leading expert in epoxy intumescent, concrete, and lightweight fireproofing solutions, Alfred Miller Contracting is fully capable of executing both shop work and field work. We can process over 6 acres of steel at any time, while our single-shift capacity is well over 500 tons of steel per week.

DESIGN/BUILD CONSTRUCTION:

Alfred Miller Contracting has the unique capability of designing and constructing buildings' shells entirely in-house. We detail the structure, fabricate the precast in our own plant, then erect the entire shell with our own workforce.

SPECIALTY PRECAST:

Alfred Miller Contracting is the recognized authority in Precast Concrete, designing and fabricating specialty precast solutions that reduce field man-hours and ensure maximum cost-savings.

Search “Alfred Miller Contracting” on **YouTube** to take a tour of our headquarters, learn more about our vertical precast system (the **ONLY** one in the U.S.), see the most efficient precast pipe rack design, and more.
