

TARGETED SERUMS

No Water. Just 100% Pure and Safe Ingredients.

Be a part of the *safest* skin care revolution.

FUSION-C features a potent dose of a unique form of Vitamin C, which has powerful antioxidant effects on the skin, protecting it from the elements, evening out skin tone, and lightening age spots. Very few skin care products use the stabilized, lipid soluble form of Vitamin C, along with hydrating Hyaluronic Acid.

Each product in the **PUR attitude** line is dermatologist tested and approved, backed by independent clinical studies, & follows our brand's philosophy of "Safe Beauty," avoiding harsh chemicals, parabens, PEG's, glycols, sulfates, petro-chemicals, synthetic fragrances and artificial dyes.

Available in **6.6 fl oz**

BENEFITS

- Significantly lightens age spots.
- Effectively combats hyperpigmentation
- Evens out skin tone texture
- Improves skin elasticity

HOW TO USE

Apply a few drops to face and neck area and allow to absorb. Follow with **HydroDrench Moisturizing Gel-Cream**.

DESIGNED FOR

Gentle enough for daily use. Perfect for those concerned with dark spots, uneven texture, and hyperpigmentation.

KEY INGREDIENTS

ASCORBIC ACID

Helps create younger-looking, firmer-feeling skin while signs of uneven skin tone seem to disappear. It also helps the skin's surface rebuff external stressors and mitigate the effects of exposure to the elements.

COLLAGEN

Designed to easily pass through the skin's pores, firm the skin, and reduce the effects of aging.
