WAYNE FARMS LAUNCHES CHILD NUTRITION PRODUCTS FOR SCHOOLS

OAKWOOD, Ga. (March 13, 2017) – Wayne Farms LLC is launching a new line of Child Nutrition chicken products under the Wayne Farms® brand. These items meet national nutritional guidelines that schools are required to follow, while providing healthier chicken options for kids.

Products Available:

Fully Cooked Whole Grain Breaded Chicken Breast Nuggets

Fully Cooked Whole Grain Breaded Chicken Breast Patties

These products are made from all white meat chicken that have never been administered antibiotics and are fed a vegetarian diet. The breeding system is made of whole grains and offers a crunchy outside while keeping the chicken moist on the inside. The patties and nuggets are an excellent source of protein and are a healthier option for kids as they can be baked in the oven, not fried. Operators will find these convenient as they are fully cooked for fast and easy execution back-of-house.
