

# FUJI<sup>®</sup> SPRAY

#6355G MPX-30 Gravity

**This unique spray gun  
delivers enhanced performance  
and flawless results!**

The same great Leaders of HVLP  
Fuji Spray brings to you the  
Spray Gun That Does It All!

## MPX-30

**Reduced Pressure  
Compressor Spray Gun**

### WHY MPX-30?

- ▶ MPX-30 Technology combines Rapid Application and Higher Transfer Efficiency
- ▶ 100% Stainless Steel Fluid Passages suitable for Water-borne and Solvent-based coatings
- ▶ Perfect for any type of Professional Spray Finishing
- ▶ Optimized Air Cap Design results in Soft Spray Pattern and Outstanding Atomization

# MPX-30

## Reduced Pressure Compressor Spray Gun

Nozzle available (in mm):  
1.0; 1.3; 1.4; 1.7; 2.0  
Gravity Feed Gun installed with 1.4mm  
Siphon Feed Gun installed with 1.7mm

The MPX-30 is a general purpose spray gun perfect for any type of professional spray finishing.

Designed for Full System Application:  
Solvent-based basecoats, Low VOC Colors or  
Clear Coat, High Solids.

The Fan Pattern Controller offers precise fan adjustment reducing overspray and waste. At a spray distance of 8" the fan pattern size ranges up to 13".

- Produces a softer, easier to control spray
- Utilizes more pressure than HVLP spray guns
- Recommended 13.8cfm at 36psi
- Faster application speed
- Higher atomization levels
- High degree quality of finish
- Higher transfer efficiency
- Reduced bounce-back
- Less overspray and huge material savings
- VOC Compliant
- Environmentally friendly spray gun
