

Mental Health Services:

A Community Conversation

Presented by The Milwaukee County Behavioral Health Division and the Mental Health Board

Join us during Mental Health Awareness Month for a community conversation about Milwaukee County mental health services. Learn about the Behavioral Health Division and help us shape the future of behavioral health care in Milwaukee County.

We'd Like Your Input

Milwaukee County BHD is beginning to plan our programs and services for 2018. Your input matters. We need your feedback to shape services and programs for our community. In a small group format, you can share your personal experiences, ask questions, and provide constructive input.

Please join us and contribute. #myMHconvo
