### **VOQUZ weaves global network for worldwide distribution of samQ New locations and sales partners support the internationalization of the corporate group**

**May 3, 2017, Ismaning, Germany** – The VOQUZ Group, a leading system integrator and provider of software asset management solutions for SAP, announces the international distribution of its SAP license management and license optimization software samQ. With new own locations and specialized local and global sales partners, VOQUZ can satisfy rising demand in these countries.

“The great success of our SAP license management solution samQ in our core markets Germany, Austria and Switzerland and especially the successful market launch in the USA has shown that we are ready for the next important step. We are now launching worldwide sales,” explains Helmut Fleischmann, CEO of the VOQUZ Group.

For international sales, VOQUZ relies on various specialized distribution partners, who are already established in the target markets or who are operating globally. “We have already established partnerships in many strategically important regions, for example in the UK, the Netherlands, Turkey, India, Brazil, and Chile,” says Martin Kögel, Director Business Development at VOQUZ.

According to CEO Helmut Fleischmann, the next step will be the development of own international presences with offices in the most important markets. Already now, VOQUZ has its own offices and subsidiaries in Belgium, Brazil, Chile, Germany, France, Great Britain, Italy, Mexico, the Netherlands, Austria, Romania, Switzerland, Spain and the USA.
