About Grievance Manager

Custom Grievance and Arbitration Software

We craft your software to fit. Detail is critical in grievance and arbitration work. Every CBA has it's own forms, procedures, deadlines and exceptions. Likewise, each Grievance Manager is a unique, specially designed application, owned by the client. We're not limited to pre-conceived configuration concepts.

See how our unique, intensive method of building the Grievance Manager application provides a superior solution based on your needs and experiences. Our high-standards have now made our Grievance Manager Software the industry-standard.

Just some of Grievance Manager's standard features...

- Web-based and secure
- Custom forms defined as you need them
- Easy access, searchable, sortable
- Paginated grid of open grievances
- Advanced search features
- Custom permission and restriction levels
- Secure email "Send link" feature
- Document attachment capabilities
- Automatic emails sent on disposition / appeals
- Calendar-driven reminders
- PDF-form generation
- "Pocket Reference" Mobile App
