Benefits of the program include: exclusivity, enormous reach, brand awareness, 24/7 exposure, and positive community relations. Texas Sponsor A Highway® is one of the only ways to put your company name and logo on some of the busiest highways in Texas. You will reach up to 50 million cars per year, building your brand through frequency and visibility. The program is cost-effective, and you will gain positive exposure for your commitment to the community by keeping Texas roadways safe and looking beautiful.

With the help of local businesses and organizations, the Texas Sponsor A Highway® Program has been serving its local communities with litter removal & highway maintenance along some of the state's busiest highways since 2015.
