

## Description

Our Street Light fixtures are designed for use in parking lots with widely-dispersed poles. Not only does the high lumen output of the Phillips LumiLED (3030) chips – an extraordinary 130-lumens per watt – it's Type III (150°x80°) light distribution eliminates dark spaces between poles and covers an extra-wide swath bringing brilliant, sharp LED light to every property. Flexible mounting options include bracket and slip-fit hardware. Driver options include either 480VAC or multi-voltage 100-277VAC. Our Street Light fixtures are both UL and DLC listed. Choose color temperatures from 2700K to ultra-cool 8000K. Confidently backed by a 5-Year Warranty against manufacturer's defects.

## LED STREET LIGHT

## Features

- Phillips LumiLED high output chips
- Delivers 130-lumens per watt
- UL and DLC Listed
- High Efficiency Mean Well Driver
- Easy Installation / Zero Maintenance
- 100~277VAC or 480VAC Drivers
- Top quality D-Type Aluminum solid heat sink
- 5 Year Warranty
- Type III (150°x80°) light distribution
