iPatientCare EHR v2014 (2.0) receives Surescripts Certification for ChangeRx and CancelRx

iPatientCare EHR v2014 (2.0) attains advanced Surescripts certifications for prescription routing messaging for CancelRx and ChangeRx

Woodbridge, NJ, August 08, 2017 - iPatientCare, being a pioneer in Revenue Cycle Management solutions and **ambulatory EHR**, is proudly announcing the completion and achievement of the Surescripts certification for prescription routing messaging for CancelRx and ChangeRx.

Electronic prescribing has high potential for improving the efficiency and cost-effectiveness of prescription transactions while improving the quality of patient care. Already a winner of 2016 Surescripts White Coat of Quality Award, iPatientCare was judged based on not only its offerings but also the commitment it showed to train its users on the effective use of its e-prescription technologies.

''Our e-prescribing system is prudently designed to provide quality care and patient safety. Adding CancelRx and ChangeRx functionality to our own ePrescribing module within iPatientCare EHR as defined enhanced workflow for providing better patient care in timely manner, with respect to Surescripts 10.6 Routing Implementation Guide v 2015-07-15, and also validating connectivity to Surescripts through HTTPS with Basic Authentication. Achieving these goals successfully is a great achievement of iPatientCare's engineering team," said Shripal Shah, Sr. Technology Officer, iPatientCare.

"We are honored to be recognized with the successful completion of SureScripts ChangeRx and CancelRx certification." said Udayan Mandavia, Chief Executive Officer of iPatientCare, Inc. "Accurate and high quality e-prescribing is an integral part of achieving successful outcomes and delivering high quality patient care for our providers and their patients."

About iPatientCare:

iPatientCare, Inc. is a privately held medical informatics company based at Woodbridge, New Jersey. The company's unified product suite includes ONC Certified Electronic Health/Medical Record and integrated Practice Management/Billing System, Patient Portal/PHR, Health Information Exchange (HIE), and Mobile Point-of-Care Solutions for both Ambulatory and Acute/Sub-acute market segments. iPatientCare has been recognized as a preferred MU partner by numerous Regional Extension Centers (REC), hospitals/health systems, and professional academies.

iPatientCare is also known for its Revenue Cycle Enhancement services that provides domestically outsourced, technology-enabled and process-driven solutions for patient access, denials management,

HIM/billing and coding, and Lean Six Sigma dashboard-based analytics. iPatientCare has been helping healthcare providers to dramatically reduce A/R days and improve collection rates, reduce billing costs, eliminates the burden of repeatable, high volume work with their internal teams, and plug gaps in staffing and internal bandwidth.
