

LOGiQ³ Group brings Insurance Innovation to the 2017 BILTIR Conference

Attendees of the 2017 Bermuda International Life and Annuity Conference are invited to join the conversation on the rise of insurance innovation and InsurTechs.

Toronto, ON/Bermuda – September 5, 2017 – LOGiQ³ Group, a family of companies dedicated to solving life insurance and reinsurance problems that drive change and bring new perspectives will attend this year's Bermuda International Life and Annuity Conference hosted by Bermuda International Long Term Insurers and Reinsurers (BILTIR) at the Fairmont Southampton, Bermuda on Tuesday, September 19th. BILTIR represents 58-member companies in Bermuda's long-term insurance and reinsurance sector, and is committed to supporting the industry's growth and success.

Attendees are invited to join the opening networking breakfast, which will be sponsored by LOGiQ³ Group, and partake in an interactive afternoon panel discussion on innovation and what incumbents should consider when engaging with InsurTechs.

The conference continues to experience notable increase in registration year after year and is expecting to have more than 225 industry professionals and executives in attendance, coming from North America, Europe and Bermuda. In addition to insurance innovation and InsurTech, attendees will also hear from leading industry experts on other key topics impacting the sector. Highlights include this year's Keynote speaker Nassim Nicholas Taleb, Distinguished Professor of Risk Engineering at NYU's Tandon School of Engineering, and author of the critically acclaimed book *The Black Swan: The Impact of the Highly Improbable*. Taleb will open the conference with a session on Risk and Fragility – discussing insurers' strength in managing, structuring and distributing risks. To view the complete conference agenda or to register, visit <http://www.biltir.bm/2017-conference>.

Natalie Ho, Vice President of Marketing, LOGiQ³ Group states, "We are thrilled to once again support BILTIR at this year's annual conference. It's an honor to be a part of an organization that continues to experience success and growth. This year, we're most excited to join a panel of experts, to discuss and share experiences on insurance innovation and what companies are and must do to pivot and evolve. We're looking forward to having an open dialogue with the Bermuda insurance community on this subject."

Scott Selkirk, chair of BILTIR's Strategy Committee and a primary organizer of the event, said: "We are delighted to be hosting the fourth annual Bermuda International Life and Annuity Conference. The event's continued success reflects the strength of Bermuda's growing life insurance and reinsurance industry. We are also very excited about this year's conference program that includes LOGiQ³ Group and best-selling author Nassim Taleb, with presentations centered around the industry's ongoing evolution in the face of an increasingly complex global marketplace."

About LOGiQ³ Group

At LOGiQ³ Group, we make life simple while driving positive change in the insurance and reinsurance industry. We offer comprehensive outsourcing and consulting services through LOGiQ³ Corp., reinsurance software solutions through TAI, and life advisor compliance and contracting services via APEXA.

We encourage the insurance industry to collaborate, and through our newest venture, Cookhouse Lab, the first insurance Open Innovation Lab, we are demonstrating that through co-creation, together, we can make insurance better.

Operating in 14 countries, serving over 300 customers, we empower our clients to make the best decisions for their business, ultimately reducing exposure to operational and regulatory risks. Ready for simple? We invite you to meet the members from our group by visiting www.logiq3group.com/group-of-companies.

About BILTIR

Bermuda International Long Term Insurers and Reinsurers (BILTIR) was created to serve as a formal association representing the long-term insurer and reinsurer group in Bermuda. The primary focus of BILTIR is to be an advocate for the life industry on the island for matters with respect to regulatory requirements and other aspects with the Bermuda Monetary Authority, tax matters with various jurisdictions and in general to provide a consistent and coherent voice for any concerns of the life industry in Bermuda. To learn more about BILTIR, visit <http://www.biltir.bm/>
