### About Driving Dynamics Inc.

A leading provider of advanced performance driver safety training and fleet risk management services throughout North America, Driving Dynamics’ unique and highly effective approach to behind-the-wheel driver education, simulator-based training, online learning and driver risk management has helped numerous fleet-based organizations achieve significant reductions in their crash rates.

Founded in 1987 and headquartered in Newark, Delaware, Driving Dynamics has earned its position as an accomplished provider of impactful driver safety training by continually building and delivering programs based on sound research, proven learning methodologies, and expert instruction. The company is dedicated to improving drivers’ abilities to stay safe by leveraging risk management tools, principle-based learning, and applied techniques. Driving Dynamics encourages all drivers to **Steer Toward Safety™**.
