iPatientCare showcased its cloud-based Pediatric EHR and integrated practice solutions including revenue cycle management at AAP2017

iPatientCare successfully showcased its cloud-based Pediatric EHR and integrated practice solutions including revenue cycle management at American Academy Pediatrics, National Conference & Exhibition at Chicago

Woodbridge, NJ, September 21, 2017 - iPatientCare, a pioneer in cloud-based ambulatory EHR and Revenue Cycle Management services, announced its successful participation at American Academy of Pediatrics, National Conference & Exhibition at Chicago where it demonstrated its **Pediatric-focused EHR** and integrated practice solutions including its full-service package of providing revenue cycle management or outsourced billing services, quality consulting focused on PCMH, and HIPAA compliant public cloud hosting solutions.

iPatientCare's entertainment at the booth – 'Wheel of Fortune' was the most invigorating part of the event. All visitors including existing iPatientCare customers enjoyed winning exciting prizes and share their experiences of using **iPatientCare Pediatric EHR** knowledge about enhancing their revenue cycle with MACRA/PCMH-ready Pediatric EHR.

This year the AAP Conference and Exhibition hosted thousands of pediatric physicians, clinicians, and vendors representing their quest to help pediatric patients and their parents/families. Overall it was an enriching experience to be part of America's largest pediatric conference and exhibition.

"At iPatientCare, we believe in delivering innovative healthcare technology solutions and value-added services to pediatric practices so that they maximize revenues and reduce their administrative overheads while continuing to provide better care to their patients. We have a consistent track-record of going beyond the expectations of our customers through continuous improvement of our technology and revenue cycle solutions," said **Udayan Mandavia, CEO/President, iPatientCare**.

iPatientCare and its existing customers ended the 2017 annual conference and exhibition with commitment to be around at 2018 conference and exhibition with ONC 2015 edition certified EHR and integrated Practice Management System and Revenue Cycle Management (RCM) solutions.

About iPatientCare:

Based at Woodbridge, New Jersey, iPatientCare is a private-held Corporation that is nationally recognized as one of the leading companies providing EHR and integrated MACRA-ready solutions and intelligent medical billing and revenue cycle enhancement services to physician offices providing primary and specialty care, rural health clinics, and community/federally qualified health centers (CHC/FQHC) nationwide.

At iPatientCare, we help healthcare providers dramatically reduce A/R days and improve collections rates, reduce billing costs, eliminate the burden of repeatable, high volume work on their internal teams, and plug gaps in staffing and internal bandwidth. Our expert teams are comprised of senior executives with extensive experience in clinically-driven revenue cycle management systems including certified billers and coders with managerial capabilities to facilitate client interactions, escalations and SLA. We also provide a dedicated account manager and a team of talented experts assigned to work as an extension of your office, instead of operating as an outsourced billing company or technology vendor.

iPatientCare EHR 2014 (2.0) has received 2014 Edition Ambulatory Complete EHR certification by ICSA Labs, an Office of the National Coordinator-Authorized Certification Body (ONC-ACB), in accordance with the applicable eligible professional certification criteria adopted by the Secretary of Health and Human Services (HHS). Full certification details can be found at ONC Certified Health IT Product List. If desired, we make the difficult tasks of revenue cycle optimization and MACRA/PCMH/QR reporting easier by bundling innovative EHR and other cloud-based practice solutions as part of our revenue cycle management and MACRA consulting services at no additional costs.

As part of its MACRA-ready solutions, iPatientCare has been recognized as a qualified MACRA-MIPS registry for the year 2017 by CMS, and has a distinguished credit of being selected as a preferred EHR vendor and medical/chiropractic billing company by more than 70,000 users nationwide, numerous hospitals/health systems, federally funded regional extension centers, and in the past by the US Army and NASA Space Medicine.
