ContinuLink Home Health Software Solution

ContinuLink is the one of the most widely adopted home health technologies for good reason: compelling Return On Investment (ROI). The ability to seamlessly manage multiple lines of businesses across different locations and states—as well as the support for virtually all payers—puts ContinuLink in a class of its own. Deliver quality care profitably with less staff, reduce write offs, and experience an immediate revenue increase with the only solution your business won't outgrow.

Enterprise Class Technology For Enterprise Class Results

At the enterprise level, the business of caring in long-term and post-acute care environments is among the most challenging in healthcare. Processes are laden with layer upon layer of complexity related to staffing, care delivery, compliance / documentation, and billing. That's why some of the largest names in home health count on ContinuLink to streamline their clinical, operational, and financial processes.

Diverse Payer Mix? Relax. We've Got You Covered

Is support for multiple payers including Medicare, Medicaid, private pay and private insurance creating extra work for your business? Let ContinuLink take care of the heavy lifting! ContinuLink supports the full range of payers with time saving features we know you'll love. Plus, our consultants are among the few in the industry who have mastered best practices for managing both Medicare and Medicaid. The result? Claims processing, billing, and collection has never been easier.

Multiple Lines Of Business? We've Got You Covered There, Too

We know you operate in multiple lines of business today. And like most of our customers we bet you've got big plans for the future. That's why you'll love how ContinuLink simultaneously supports multiple business lines today with the ability to quickly add a new line of business "on the fly" tomorrow. We not only go deep, we go wide. We call it future-proofing your business, ensuring you can easily take advantage of new market opportunities without expensive, time-consuming technology upgrades.

Skilled Care

You work hard to deliver the best care possible. You deserve the best tools to make it easier. ContinuLink's intuitive home care software can lighten your load. Our unique solutions offer the highest clinical standards available and can help you improve your clinical compliance and operational efficiencies. Every day, people across the healthcare spectrum — nurses, therapists, social workers, and administrators — are seeing the power of our comprehensive home care software. So can you.

Private Duty

You want to spend your time offering care, not sweating details. ContinuLink's intuitive, easy-to-use suite of private duty home care software offers unmatched scheduling, billing, and electronic documentation, as well as tools and proactive reporting for managing your agency. Whatever your line of business — whether it's private duty care, non-medical services, live-in care, or unskilled care — we've got you covered. Devote your time to your patients. We'll handle the rest.

Pediatrics

Pediatrics is one of the most important services home health agencies can offer — and one of the most challenging. ContinuLink understands the complex issues you face when you care for medically complex and fragile patients at home. So let us help. Our extensive suite of home care software offers solutions that can streamline every aspect of your agency's pediatric business.

Staffing

Recruiting and retaining a talented staff can be difficult. But if you oversee a healthcare facility, school, government agency, prison, or other organization, ContinuLink can help you manage your staffing with ease. Our intuitive solution tracks candidates, integrates top payroll and accounting packages, and helps with scheduling and invoicing. Boasting features like a facility web portal and intuitive document management, ContinuLink takes healthcare staffing solutions to a new level.

Portals

Everyone benefits from better communication, so connect your agency like never before. We'll help you provide easy access between the agency, primary physician, visiting staff, and client. In the end, everyone can easily share the information they need to support better care. Our portals also feature integrated LinkMail, Continulink's secure and integrated email platform, so everyone is truly connected.

CLIENT/FAMILY PORTAL
