## MAYVILLE ENGINEERING COMPANY, INC. NAMED TO WISCONSIN 75 MEC Ranks Number 51 on the List of Largest Closely Held Companies in Wisconsin.

Mayville, Wis. – Mayville Engineering Company, Inc. (MEC) was recognized on October 11, 2017 at the annual Wisconsin 75 event as being one of the largest closely held companies in the state. The company has extensive operations in Wisconsin with manufacturing facilities in Mayville, Beaver Dam, Neillsville and Wautoma. MEC operates 16 facilities in five states with over 2,080,000 sq. ft. of manufacturing. The firm is 100% employee owned with over 2,000 employee shareholders.

The Wisconsin 75 program is an annual listing of the largest closely held companies headquartered in Wisconsin. The program recognizes business contributions to the communities in which the firms are located, the people who build the business and the overall Wisconsin economy.

"We're pleased to be recognized as one of the largest closely held companies in Wisconsin for 13 years running," said Robert Kamphuis, chairman, president and CEO of MEC. "I'm proud of our employee shareholders and I'd like to thank Deloitte, the Milwaukee Journal Sentinel, and the Wisconsin 75 program for acknowledging MEC's continued success and growth," he continued.

Representatives of MEC were on hand at the event in Milwaukee where Schneider Logistics' President & CEO, Chris Lofgren, made the keynote address to the distinguished group of Wisconsin business leaders. This is the 13<sup>th</sup> year that MEC has been recognized as being one of the largest closely held companies in the state and part of the Wisconsin 75 list.

Founded in 1945, MEC is one of the nation's leading supply chain partners for blue chip original equipment manufacturers. MEC has been recognized by *The FABRICATOR* magazine as the largest fabricator in the United States for the last seven consecutive years.
