iPatientCare Showcased its Cloud-Based EHR, MACRA solutions and Revenue Cycle Management at PAHCOM Annual Conference 2017

iPatientCare successfully demonstrated its cloud-based EHR, MACRA solutions and Revenue Cycle Management at the annual PAHCOM Conference & Exhibition at Clear Water, Florida

Woodbridge, NJ, November 02, 2017 — iPatientCare, a pioneer in cloud-based **ambulatory EHR** and **Revenue Cycle Management services**, announced its successful participation at PAHCOM Annual Conference from Oct. 16-19, 2017 at the Wyndham Grand, Clearwater Beach, Florida. It demonstrated its EHR and integrated practice solutions including full-service package of providing revenue cycle management or outsourced billing services and also focused on MACRA Ready solutions.

iPatientCare's entertainment at the booth – 'Wheel of Fortune' was the most invigorating part of the event. All visitors which majorly consisted of Practice Managers enjoyed winning exciting prizes and shared their experience of using iPatientCare EHR and knowledge about enhancing their revenue cycle with **MACRA ready solutions**.

This year's PAHCOM Conference and Exhibition focused majorly on Medical Office Management, where numerous practice managers and clinicians participated actively looking for better solutions to assist their practices. Overall it was an uplifting and informative conference and we are glad to be a part of it.

iPatientCare and its booth visitors ended this 2017 annual conference and exhibition with commitment to be around at 2018 Conference with ONC 2015 edition Certificated EHR and integrated **Practice Management System** and Revenue Cycle Management (RCM) solutions.

"We are extremely excited with the response that we got from PAHCOM conference at Florida, and look forward to empower medical practices in reducing operational time and focusing more on patient healthcare.", said Shahab Sheikh, Chief Implementation & Integration, iPatientCare, Inc.

About iPatientCare:

Based at Woodbridge, New Jersey, iPatientCare is a private-held Corporation that is nationally recognized as one of the leading companies providing EHR and integrated MACRA-ready solutions and intelligent medical billing and **revenue cycle enhancement** services to physician offices providing primary and specialty care, rural health clinics, and community/federally qualified health centers (CHC/FQHC) nationwide.

At iPatientCare, we help healthcare providers to dramatically reduce A/R days and improve collections rates, reduce billing costs, eliminate the burden of repeatable, high volume work on their internal teams, and plug gaps in staffing and internal bandwidth. Our expert teams are comprised of senior executives with extensive experience in clinically-driven revenue cycle management systems including certified billers and coders with managerial capabilities to facilitate client interactions, escalations and

SLA. We also provide a dedicated account manager and a team of talented experts assigned to work as an extension of your office, instead of operating as an outsourced billing company or technology vendor.

iPatientCare EHR 2014 (2.0) has received 2014 Edition Ambulatory Complete EHR certification by ICSA Labs, an Office of the National Coordinator-Authorized Certification Body (ONC-ACB), in accordance with the applicable eligible professional certification criteria adopted by the Secretary of Health and Human Services (HHS). Full certification details can be found at **ONC Certified Health IT Product List**. If desired, we make the difficult tasks of revenue cycle optimization and MACRA/PCMH/QR reporting easier by bundling innovative EHR and other cloud-based practice solutions as part of our revenue cycle management and MACRA consulting services at no additional costs.

As part of its MACRA-ready solutions, iPatientCare has been recognized as a qualified MACRA-MIPS registry for the year 2017 by CMS, and has a distinguished credit of being selected as a preferred EHR vendor and medical/chiropractic billing company by more than 70,000 users nationwide, numerous hospitals/health systems, federally funded regional extension centers, and in the past by the US Army and NASA Space Medicine.
