Community Alliance Program (CAP) is a non-profit foundation that seeks to make a difference in local communities by providing financial assistance for educational programs, housing homeless veterans, creating urban farms and holding local arts initiatives for children and adults.

CAP will also help explore the natural healing attributes of pharmaceutical grade cannabis through research, development, clinical trials and distribution of products those in need.

Currently, we are focusing on the following conditions: PTSD, CTE, sleeping disorders, epilepsy, cancer, chronic pain, autism, education, mobilize resources and foster resilient and sustainable community support systems.

For more info, please visit our website: www.CommunityAllianceProgram.com
