Just Released: *The New Sirian Revelations - Galactic Prophecies for the Awakening Human Collective*, with Spellbinding Disclosures from Intergalactic Messengers

Author Patricia Cori, scribe of the Sirian High Council, provides hopeful communications from other-dimensional guardians dedicated to assist in the conscious evolution of humankind.

San Francisco, Calif. December 19, 2017 – “No problem can be solved from the same level of consciousness that created it,” stated Albert Einstein. In her newest book, Patricia Cori’s readers are taken on a journey of conscious awakening that bridges fact with fiction. Just as George Orwell might now be considered a prophet, *The New Sirian Revelations* offers a visionary perspective of the state of our planet; how it came to be dominated by dark forces; and what we can do to transcend this deliberate form of manipulation that propagates the agendas of the masters of mankind.

During an extraordinary out-of-body experience in 1996, Patricia Cori, Patricia Cori was summoned by a group of interdimensional light beings identified as the Sirian High Council, to serve as their transmitter. Many credible scholars have written about the corrupt hidden forces that have controlled humanity for millennia, causing untold suffering and endless war. Patricia Cori’s messages from the Sirian High Council validate the academic works of intellectuals such as Noam Chomsky. In her newest book, she delivers insights about the agenda of the dark forces and how humanity can break free from its subliminal programming to achieve the level of consciousness that will prevent an apocalypse.

“The secret government still holds a monopoly on the disclosure of exoplanetary life and communications from other dimensions,” notes Cori. “Considering a recent New York Times expose about the Pentagon’s mysterious U.F.O. program, it is safe to assume that information provided by the government about this secret operation will only support the propaganda that they intend to disseminate about life beyond your planet.”

During her remarkable journey with the Sirian Light Emissaries, Cori’s previous books have shared messages of hope and positive transformation. She now conveys revelations that affirm the veracity of past prophecies and transmit a new vision for humans wherein the truth shall set us free.
