

iPatientCare to participate in HIMSS18 to demonstrate 2015 ONC Health IT Certified EHR with the Interoperability Capabilities and additional services

iPatientCare, the First ConCert by HIMSS™ Certified Ambulatory EHR, and a recognized Healthcare IT industry leader, is ready to demonstrate its' 2015 ONC Health IT Certified EHR at HIMSS18.

Woodbridge, NJ, January 31, 2018 - iPatientCare, a pioneer in [cloud-based ambulatory EHR](#) and [Revenue Cycle Management services](#), announces its participation in HIMSS18 to highlight R18 – the newly launched EHR version. R18 is 2015 ONC Health IT Certified EHR supporting all criteria required for the CPC+ program along with many other features like care plan, care coordinators' and implantable device, etc. It is also going to demonstrate its' Interoperability Capabilities along with Peer to Peer Portal, Provider Portal and Patient Portal at HIMSS18.

The [HIMSS Annual Conference & Exhibition](#), 2018 will be organized from March 5 through March 9, 2018 in Las Vegas. As every foregoing year, the conference will give strongest networking opportunities to connect with numerous industry leaders and other health IT professionals present at the event. During these 5 days, around 300 sessions will be organized with participation of more than 1300 exhibitors and 45,000 professionals. This year, the educational sessions will focus on very demanding topics like Privacy & security, Interoperability & data integration, Population Health, Telehealth, and Precision Medicine/Genomics and many more, which are also important for the global healthcare IT.

iPatientCare, being recognized by HIMSS as "[The first recipient of the ConCert](#)" and "[One of the Health IT Industry Leader at IHE NA Connectathon](#)" during the past HIMSS conferences, will present its unique features, Healthcare IT solutions, and commits on higher scale to satisfy expectation from industry professionals, in this year's event at HIMSS18.

"iPatientCare has moved up in the value-chain to serve health systems/hospitals with its new and innovative products for telemedicine, remote patient monitoring, population health management, and technology-enabled revenue cycle services. We look forward to showcasing our products and services to hospital/system CMIO, CIO, CTO and discussing our long-term partnerships with them at HIMSS18", said Udayan Mandavia, President/CEO, iPatientCare.

iPatientCare looks forward to meeting with other innovators, influence leaders, and attendees from across the globe at [booth #11953 at the HIMSS18 event](#).

About iPatientCare:

Based at Woodbridge, New Jersey, iPatientCare is a private-held Corporation that is nationally recognized as one of the leading companies providing EHR and integrated MACRA-ready solutions and intelligent medical billing and revenue cycle enhancement services to physician offices providing primary

and specialty care, rural health clinics, and community/federally qualified health centers (CHC/FQHC) nationwide.

At iPatientCare, we help healthcare providers to dramatically reduce A/R days and improve collections rates, reduce billing costs, eliminate the burden of repeatable, high volume work on their internal teams, and plug gaps in staffing and internal bandwidth. Our expert teams are comprised of senior executives with extensive experience in clinically-driven revenue cycle management systems including certified billers and coders with managerial capabilities to facilitate client interactions, escalations and SLA. We also provide a dedicated account manager and a team of talented experts assigned to work as an extension of your office, instead of operating as an outsourced billing company or technology vendor.

iPatientCare EHR 2014 (2.0) has received 2014 Edition Ambulatory Complete EHR certification by ICSA Labs, an Office of the National Coordinator-Authorized Certification Body (ONC-ACB), in accordance with the applicable eligible professional certification criteria adopted by the Secretary of Health and Human Services (HHS). Full certification details can be found at [ONC Certified Health IT Product List](#). Moreover, now iPatientCare EHR 18.0 has received 2015 Edition ONC Health IT certification by Drummond Group, an Office of the National Coordinator-Authorized Certification Body (ONC-ACB), in accordance with the applicable eligible professional certification criteria adopted by the Secretary of Health and Human Services (HHS). Full certification details can be found at [ONC Certified Health IT Product List](#). If desired, we make the difficult tasks of revenue cycle optimization and MACRA/PCMH/QR reporting easier by bundling innovative EHR and other cloud-based practice solutions as part of our revenue cycle management and MACRA consulting services at no additional costs.

As part of its MACRA-ready solutions, iPatientCare has been recognized as a qualified MACRA-MIPS registry for the year 2017 by CMS, and has a distinguished credit of being selected as a preferred EHR vendor and medical/chiropractic billing company by more than 70,000 users nationwide, numerous hospitals/health systems, federally funded regional extension centers, and in the past by the US Army and NASA Space Medicine.
