## Helping You Serve

THE CROSSFLIX MINISTRY OUTREACH PROGRAM

Crossflix is a faith-centered digital streaming service inspiring people through the art of telling stories and testimonies -- all for the glory of God. The ministry outreach program is our way of ensuring that family dollars spent on entertainment contribute to the improvement of communities by funding schools, churches, ministries, and nonprofits who are doing God's work.

How many of your parishioners or constituents pay for streaming services like Netflix or Amazon? Consumers are spending millions of dollars each month on streaming services like these and many of those consumers are people of faith -- people in your parish, school, or ministry. While they have access to lots of entertaining content, they are missing family-focused content that helps to educate and inspire them on their faith journey. Crossflix fits that missing piece.

Participation in the program includes:

- A promo code to share with your audience
- Revenue share at 50% of subscriber fees each month\*
- Online access to reports for subscriber counts and monthly payouts
