Component Control Announces ISV Oracle Partner Network Gold Partnership with Oracle, now authorized reseller

ORLANDO, FL – MRO Americas (booth 2137) - April 11, 2018 – [Component Control](#) announced today an expanded Partnership with Oracle. Component Control has been an Oracle partner since 2003 and with the recent agreement will now be authorized to re-sell Oracle as a Gold OPN partner.

“We have been working with Oracle technology for several years and lean heavily on their world-class solutions”, said Daniel Tautges, Sr. Vice President of Component Control. “By expanding our agreement to the Gold-level we will be able to offer our customers our leading ERP Aviation Software Suite as well as the Oracle licensing to operate.”

About Component Control

[Component Control](#), a [CAMP Systems Company](#), based in San Diego, California, is a leading developer and provider of MRO and Logistics Software solutions for the aviation industry. Supporting the core business of over 1,500 companies in 50 countries, Quantum Control Software is the undisputed leader in providing advanced aviation management software and services to original equipment manufacturers, aftermarket service divisions, component repair and overhaul companies, aircraft completion centers, MRO facilities and part distribution/redistribution companies.
