

cbord®

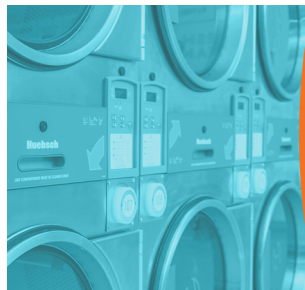

### Key Benefits

- Provide a convenient, modern laundry experience that students will love.
- Install state-of-the-art, patent-pending technology that lets students reserve and pay for laundry right from their smartphones.
- Increase revenue with higher vend rates and turn laundry rooms into profit centers.
- Enable students to do laundry more efficiently with short machine reservations and in-app cycle alerts.

## Washlava

Laundry. Reloaded.

Revolutionize the student laundry experience with CBORD® and **Washlava**. Offer residents a more convenient way to wash clothes with the ability to reserve machines and pay right from their smartphone. Notifications alert students when cycles are complete, reducing the hassle and frustration of traditional laundry setups. The sleek design and innovative technology will transform how laundry is done on campus.

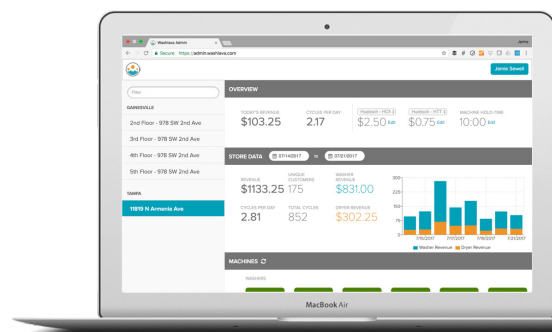

### Seamless Mobile Payments

Students can make in-app payments with their campus card or credit card. Payment tokenization provides an extra level of security for sensitive card data, and all mobile payments are PCI compliant. To enable campus card deductions, schools will utilize CBORD's Pay with GET interface. Students will connect their account to the Washlava app, and an automatic deduction will be made after each use.

### Transparency at Your Fingertips

Quick and easy installation provides schools with an instant revenue source. The DRIVE Staff Portal can be accessed from any internet-ready device and offers the ability to monitor laundry performance in real time. Prices can be set for time of day and changed instantly, and system settings can be easily adjusted for summer conferences. Remote access allows staff to reset and control machines or monitor revenue on the go. Detailed activity reports show machine status, usage, error codes, and more.

### Loads of Support

If an issue ever arises, Washlava provides around-the-clock support, and handle all troubleshooting and error notifications. Students and staff can contact support 24/7 for refunds, remote starts, resets, and machine disablement.

### The Perfect Pair

A commitment to innovation makes the CBORD and Washlava partnership a natural fit. Our goal is to help colleges and universities provide a better on-campus housing experience. The user-friendly functionality and modern hardware will be sure to deliver an upgraded student experience and increased source of revenue.

Comprehensive Solutions. Innovative Products. Dedicated Service.
