## Republic Metals Corporation Achieves Re-Certification With The RJC Chain-of-Custody Standard

Republic Metals Corporation is proud to announce its [re-certification](#) of the Responsible Jewellery Council's (RJC) Chain of Custody Standard, effective January 28<sup>th</sup>, 2018.

Republic Metals was audited by UL, a universally recognized and RJC-accredited auditing body, and found to be in 100% conformance with the standard. The RJC's Chain of Custody Standard is dedicated to supporting claims of responsible sourcing for Gold, Platinum, Palladium, and Rhodium materials throughout the global precious metals supply chain. Republic Metals' certification acknowledges that Republic has policies and risk management procedures in place that exemplify the international standard of responsible, conflict-free sourcing of precious metals. Satisfaction of the stringent RJC audit requirements recognizes Republic Metals as a conflict-free refiner not only by the RJC, but by the RBC, LBMA and the DMCC.

"Republic has been a RJC Certified Member since July 2014, and a Chain of Custody Certified Entity since January 2015. Less than 10% of Certified Members around the globe have achieved both certifications! We are proud that Republic has assumed a leadership role in shifting the global precious metals industry towards a standardized, more responsible and conflict-free precious metal supply chain." says Rich Lani, Director of Compliance for Republic Metals Corporation.

## About Republic Metals Corporation

Headquartered in Miami, Republic Metals was established in 1980 and has since grown to become one of the largest and most respected primary precious metals refineries in the world. Throughout its illustrious history, Republic Metals has displayed excellence in precious metals refining in a manner that is considered environmentally friendly, as demonstrated through its long-standing ISO14001 registration. Republic Metals currently holds listings on the LBMA, Shanghai Gold Exchange, and COMEX with recognitions from the Responsible Jewellery Council and Conflict Free Smelter Initiative. As an LBMA-designated "Responsible Gold Party," all business conducted by Republic Metals is performed in accordance with its stringent Patriot Act compliance and supply chain policies.
